Subject: 149 West Lane- subdivision-request to continue

Michael Sulzbach, atty, would like to continue this public hearing until 1/6/21 mtg to allow for him to address the open space requirements. He will be speaking to his client to propose some number towards fee in lieu that may be acceptable to the Commission. He understands the value in the land and feels it would be challenging to request a full waiver of the requirement.

I just wanted to let you know if you were busy writing memos to the Commission this afternoon 😊
