

WEBVTT

1

00:03:22.950 --> 00:03:23.370

Peter: Much

2

00:06:37.980 --> 00:06:39.480

Peter: we're targeting prevent salmon.

3

00:06:41.220 --> 00:06:41.820

Peter: Well all

4

00:06:44.130 --> 00:06:49.830

Peter: That content. So they're just kind of the ideal fish in your freezer aisle with money and they'll

5

00:08:08.820 --> 00:08:12.390

Peter: Take long have a railing. Unfortunately, high and

6

00:08:14.160 --> 00:08:22.650

Peter: low registers. We have grandchildren during toddlers and little kids that need safety and need a railing.

7

00:08:23.730 --> 00:08:27.270

Peter: And so we need to address this issue before somebody gets hurt.

8

00:08:37.710 --> 00:08:38.700

Peter: My friend David

9

00:08:39.840 --> 00:08:42.000

Peter: Project. He's a carpenter.

10

00:08:44.820 --> 00:08:47.040

Peter: Build a house over all these years.

11

00:08:48.060 --> 00:08:48.660

Peter: To be honest,

12

00:08:50.040 --> 00:08:53.730

Peter: Because it's a tremendous game is going to be wildly

13

00:09:23.220 --> 00:09:24.810

Peter: I should call

14

00:09:26.370 --> 00:09:26.790

Peter: It. Cool.

15

00:10:01.980 --> 00:10:02.670

Peter: Call us

16

00:10:04.830 --> 00:10:05.340

Peter: I think

17

00:10:11.640 --> 00:10:12.570

Peter: I don't see an issue.

18

00:10:15.480 --> 00:10:16.080

Peter: Pedro.

19

00:10:21.840 --> 00:10:22.290

Peter: So,

20

00:10:27.690 --> 00:10:28.170

Peter: You know,

21

00:10:31.200 --> 00:10:31.800

Peter: Maybe watching

22

00:10:34.320 --> 00:10:34.740

Peter: This

23

00:10:39.330 --> 00:10:40.350

Peter: Is worth something.

24

00:10:41.640 --> 00:10:43.920

Peter: To look at this one right here.

25

00:11:43.980 --> 00:11:44.580

Peter: The Homestead

26

00:12:11.610 --> 00:12:12.120

Peter: Checklist.

27  
00:12:32.460 --> 00:12:33.360  
Peter: Well, I guess it's just another

28  
00:12:38.730 --> 00:12:39.720  
Peter: It's ridiculous.

29  
00:12:50.370 --> 00:12:51.030  
Peter: How is the

30  
00:12:52.710 --> 00:12:54.210  
Peter: reasonable man is better.

31  
00:12:56.940 --> 00:12:58.140  
Peter: Down and

32  
00:13:00.150 --> 00:13:00.420  
Peter: Down.

33  
00:13:02.640 --> 00:13:02.730  
And

34  
00:13:05.730 --> 00:13:06.570  
Peter: It's not as easy.

35  
00:13:08.940 --> 00:13:10.050  
Peter: Magically comes out.

36  
00:13:11.610 --> 00:13:13.200  
Peter: It doesn't show chain.

37  
00:13:55.080 --> 00:13:55.830  
Gravity.

38  
00:13:58.410 --> 00:13:58.950  
Peter: First

39  
00:16:00.720 --> 00:16:03.750  
Peter: directly to your door or 10%

40  
00:16:05.940 --> 00:16:06.360

Peter: Now,

41

00:16:09.210 --> 00:16:10.890

Peter: Download our mobile app today.

42

00:16:13.980 --> 00:16:14.220

Peter: Now,

43

00:18:47.310 --> 00:18:50.220

Peter: But there's no mistaking it and it's our job.

44

00:21:58.500 --> 00:21:59.790

Peter: Look around for sign

45

00:22:03.480 --> 00:22:04.440

Peter: White and

46

00:22:06.990 --> 00:22:07.500

Peter: Brown.

47

00:22:52.860 --> 00:22:53.460

Peter: The beans.

48

00:23:31.530 --> 00:23:34.200

Peter: And friends, continue to pitch.

49

00:24:45.180 --> 00:24:46.200

Peter: That's a good sign.

50

00:25:18.540 --> 00:25:22.710

Peter: The joy Swiss. Yeah, where is it down in the basement.

51

00:25:29.280 --> 00:25:35.220

Peter: Yeah, I mean I could probably come up with a piece of sheet metal of some sort. Here a piece of flashing. That's all we would use.

52

00:25:38.730 --> 00:25:40.980

Peter: Yeah, yeah, we make a shield

53

00:25:44.100 --> 00:25:44.550

Peter: Sure.

54

00:25:46.020 --> 00:25:46.380

Peter: Yeah.

55

00:25:48.090 --> 00:25:48.300

Peter: Yeah.

56

00:25:51.120 --> 00:25:51.450

Peter: Okay.

57

00:26:19.110 --> 00:26:19.380

Hey,

58

00:26:27.570 --> 00:26:28.500

Peter: Milk and then

59

00:27:15.270 --> 00:27:16.050

Peter: Yes, I am.

60

00:27:17.610 --> 00:27:18.900

Peter: Like catching your time.

61

00:27:19.980 --> 00:27:24.180

Peter: Know you probably got about eight minutes before my meeting starts on the video.

62

00:27:28.020 --> 00:27:28.800

Peter: There we go.

63

00:27:36.450 --> 00:27:37.140

Peter: And then

64

00:27:38.640 --> 00:27:45.750

Peter: Okay, I just sent it to you. It's an it's an upshot of the area we're working on, we're working on.

65

00:27:47.640 --> 00:27:55.170

Peter: And I think I'm going to try to take a closer picture standing on the ladder now. Oh god, don't fall. I won't, I won't

66

00:27:56.280 --> 00:27:57.270

Peter: Okay, I just did.

67

00:28:06.090 --> 00:28:08.550

Peter: SO WHERE OKAY HANG ON, and

68

00:28:09.810 --> 00:28:12.030

Peter: See what he's got taken apart.

69

00:28:13.260 --> 00:28:14.460

Peter: Yeah, no.

70

00:28:20.910 --> 00:28:22.920

Peter: I'm sending you another picture that's like, oh,

71

00:28:24.060 --> 00:28:26.100

Peter: Yeah. Now does he have

72

00:28:28.740 --> 00:28:33.600

Peter: He bought a coupler. I mean, is that's what he's going to put on there. Yes. Okay.

73

00:28:37.230 --> 00:28:39.180

Peter: Okay, here's your next image came

74

00:28:46.740 --> 00:28:47.490

Peter: Yeah, I

75

00:28:48.900 --> 00:29:02.550

Peter: Got a piece of some kind of sheet metal here. I'm sure I can come up with that you can talk up above it against you know so it's bent over so when he soldering straight out of it was enough to worry about burning the sheet rock.

76

00:29:03.690 --> 00:29:05.730

Peter: Our the house our house behind it.

77

00:29:07.980 --> 00:29:08.160

Do you

78

00:29:09.990 --> 00:29:10.440

Peter: Just have

79

00:29:16.530 --> 00:29:21.570

Peter: Somebody else's coming on. I've never video. No, never video done.  
A Yeah.

80

00:29:23.010 --> 00:29:24.180

Peter: Yeah, you know,

81

00:29:26.220 --> 00:29:26.640

Peter: Yeah.

82

00:29:28.890 --> 00:29:30.000

Peter: No, it's see

83

00:29:31.290 --> 00:29:38.190

Peter: It's for the ag Commission for the town of Guilford, ah, so yeah.

84

00:29:39.270 --> 00:29:39.570

Peter: All right.

85

00:29:39.690 --> 00:29:40.620

12036403278: Yeah, so

86

00:29:41.280 --> 00:29:42.390

Peter: It would be fine.

87

00:29:43.440 --> 00:29:44.310

12036403278: Let me

88

00:29:44.580 --> 00:29:45.840

Do my meeting here.

89

00:29:46.920 --> 00:29:49.110

Peter: And I will give you a jingle back

90

00:29:50.430 --> 00:29:50.970

Peter: All right.

91

00:29:53.700 --> 00:29:54.120

Peter: All right.

92

00:29:55.890 --> 00:29:56.460  
Peter: Thank you.

93  
00:30:02.100 --> 00:30:02.700  
Natural

94  
00:30:06.840 --> 00:30:07.650  
12036403278: Demon here.

95  
00:30:15.930 --> 00:30:16.350  
12036403278: Hello.

96  
00:30:24.180 --> 00:30:24.630  
12036403278: Hello.

97  
00:30:28.860 --> 00:30:29.400  
12036403278: Hello.

98  
00:30:34.950 --> 00:30:36.990  
Peter: Hello. Hi.

99  
00:30:37.170 --> 00:30:38.370  
12036403278: Tyler Beeman here.

100  
00:30:38.730 --> 00:30:40.740  
Peter: Hey, how are you sky or Peter Perkins.

101  
00:30:40.800 --> 00:30:41.910  
12036403278: Well, are you

102  
00:30:42.060 --> 00:30:43.650  
Peter: Are you on video or no.

103  
00:30:43.650 --> 00:30:45.390  
Peter: Just on the phone just on phone

104  
00:30:45.420 --> 00:30:47.010  
12036403278: Jeff on the phone. Yeah, okay.

105  
00:30:47.670 --> 00:30:52.770

Peter: So if I hang up on you or lose you. I have no idea how to do this.  
This is the first

106

00:30:52.830 --> 00:30:54.270

Peter: This is maiden voyage for

107

00:30:54.270 --> 00:31:03.390

12036403278: Me. Alright, sounds. Yeah, it's, it's, it's the maiden  
voyage for me to doing this so I'm not a technology person by any means.

108

00:31:03.390 --> 00:31:03.600

12036403278: Well,

109

00:31:03.780 --> 00:31:07.380

Peter: I can hear you. So something's working. All right.

110

00:31:08.040 --> 00:31:13.200

12036403278: I'm gonna try to put my ear. I'm going to try to put my ear  
buds in and we'll see if that works to just give me two seconds. Yeah.

111

00:31:17.880 --> 00:31:18.780

12036403278: Can you still hear me.

112

00:31:18.990 --> 00:31:22.980

12036403278: Yep. Okay. Great. That's much better for me so

113

00:31:24.000 --> 00:31:25.410

Peter: Else named Madeline

114

00:31:26.550 --> 00:31:30.570

Peter: Rosario clicked on and then disappeared.

115

00:31:34.260 --> 00:31:34.590

12036403278: Wait.

116

00:31:35.400 --> 00:31:35.940

Peter: Are you there.

117

00:31:36.420 --> 00:31:37.020

Madeline Nazario: I'm here.

118

00:31:37.590 --> 00:31:38.760  
Peter: Okay, now I can hear you.

119  
00:31:40.890 --> 00:31:42.990  
Madeline Nazario: So Madeline's my daughter, because our

120  
00:31:45.060 --> 00:31:46.890  
Madeline Nazario: Computer doesn't work so

121  
00:31:46.980 --> 00:31:53.340  
Peter: It was I was looking at the last name. And I'm like, wait, that's my last name as soon as you started to speak.

122  
00:31:53.730 --> 00:31:54.180  
Yeah.

123  
00:31:55.560 --> 00:31:55.860  
Madeline Nazario: Okay.

124  
00:31:56.250 --> 00:31:59.850  
Peter: Mr demons on with us to right now. I don't know if you heard him talking

125  
00:32:00.930 --> 00:32:01.560  
12036403278: Hi there.

126  
00:32:02.010 --> 00:32:05.910  
12036403278: Hi, how are you doing alright. How are you okay

127  
00:32:07.590 --> 00:32:12.060  
Peter: So I'm expecting Kim Brocken to get on and

128  
00:32:13.140 --> 00:32:17.520  
Peter: I'm not sure I didn't hear anything is Kevin gonna join us or now.

129  
00:32:18.240 --> 00:32:20.070  
Madeline Nazario: Um, I thought he was

130  
00:32:20.460 --> 00:32:22.380  
Madeline Nazario: Okay, I hope he is

131

00:32:23.430 --> 00:32:23.850

Peter: He is

132

00:32:26.550 --> 00:32:29.400

Peter: So yeah, this is new to me. I have not yet done this.

133

00:32:30.570 --> 00:32:33.420

Madeline Nazario: I only did it once with wetlands and

134

00:32:34.440 --> 00:32:34.890

Peter: He

135

00:32:35.310 --> 00:32:36.930

Madeline Nazario: He did the meeting so

136

00:32:37.380 --> 00:32:37.710

Yeah.

137

00:32:39.690 --> 00:32:43.110

Peter: Well, it seemed really interesting so far. Yeah.

138

00:32:44.220 --> 00:32:46.980

12036403278: I'm sure you get through. No problem. Yeah.

139

00:32:50.970 --> 00:32:55.350

Peter: So how's everybody doing with the virus. Everybody healthy, safe.

140

00:32:56.970 --> 00:32:58.140

Madeline Nazario: Um, yeah.

141

00:32:59.700 --> 00:33:00.540

12036403278: Going crazy

142

00:33:00.960 --> 00:33:01.560

Yeah.

143

00:33:03.120 --> 00:33:07.950

12036403278: I'm I'm fortunate that I can keep working. I'm, I'm a gardener by trade now so

144

00:33:09.510 --> 00:33:13.140

12036403278: I i i'm i'm glad out, you know,

145

00:33:15.120 --> 00:33:18.750

12036403278: I'm in my busy season with a worldwide pandemic.

146

00:33:20.970 --> 00:33:23.400

12036403278: It's a lot to deal with. Yeah.

147

00:33:24.540 --> 00:33:31.230

12036403278: But, uh, but I feel very fortunate that I can keep working, though, you know, if I didn't have that. I don't know what I would be doing

148

00:33:31.590 --> 00:33:31.890

Yeah.

149

00:33:33.810 --> 00:33:39.660

12036403278: So, but, yeah, I just say, Thank God I have my sheep that keep me sane.

150

00:33:42.060 --> 00:33:43.230

12036403278: Yeah, that's good.

151

00:33:44.370 --> 00:33:45.870

12036403278: Now where where you got you see

152

00:33:47.670 --> 00:33:49.830

12036403278: They're the ones that are usually over on RIVER STREET.

153

00:33:49.860 --> 00:33:50.910

12036403278: So there are the

154

00:33:51.150 --> 00:33:53.970

12036403278: Very last now. Correct. Yeah.

155

00:33:54.000 --> 00:33:55.950

12036403278: Yeah, so they're up at bishops now.

156

00:33:57.810 --> 00:34:02.280

12036403278: So, yeah, yeah. It's been an interesting time having them up there.

157

00:34:03.930 --> 00:34:05.010  
12036403278: And seeing how it works.

158

00:34:05.490 --> 00:34:05.880  
Yeah.

159

00:34:06.990 --> 00:34:07.350  
12036403278: All right.

160

00:34:07.380 --> 00:34:13.140  
Peter: You can't see it. But Kevin just turned on his camera he's with us now. Kevin, can you hear it.

161

00:34:13.710 --> 00:34:14.700  
Kevin Magee: On YEP. CP

162

00:34:15.150 --> 00:34:16.950  
Peter: Absolutely. See, it works.

163

00:34:19.080 --> 00:34:20.550  
Kevin Magee: Number. Oh.

164

00:34:21.180 --> 00:34:23.160  
Peter: Demons here. And so as Michelle.

165

00:34:23.550 --> 00:34:25.920  
Kevin Magee: Okay trigger the phone number. Thanks.

166

00:34:25.980 --> 00:34:26.340  
Yeah.

167

00:34:27.900 --> 00:34:34.350  
Peter: And then are we going to see or see or hear from I know Kim was supposed to do it.

168

00:34:36.390 --> 00:34:37.290  
12036403278: With her today.

169

00:34:38.640 --> 00:34:39.660  
12036403278: Diane is

170

00:34:39.660 --> 00:34:40.920

Peter: Not going to do it.

171

00:34:41.370 --> 00:34:45.480

Kevin Magee: Okay, please, can I see Kim I thought were saying there I log in.

172

00:34:45.840 --> 00:34:46.170

Yeah.

173

00:34:47.790 --> 00:34:50.460

Peter: Well, we'll give them a give them a couple minutes, see how they do.

174

00:34:53.940 --> 00:34:56.280

Peter: A matter of fact I gotta pull up an agenda folder.

175

00:35:25.980 --> 00:35:27.270

Kevin Magee: Peter, I can prompt you through it.

176

00:35:29.850 --> 00:35:35.490

Peter: I think I can find it. I can't get it to get any bigger on my phone. It's alright so

177

00:35:36.990 --> 00:35:40.110

Peter: Is everybody did everybody get a chance to read the Minutes.

178

00:35:43.980 --> 00:35:44.790

12036403278: I did not

179

00:35:45.540 --> 00:35:48.240

12035337265: Know, honestly, I got those

180

00:35:49.140 --> 00:35:50.100

12036873085: Looking look quick

181

00:35:50.610 --> 00:35:52.650

12035337265: Okay, take a quick look. If you can

182

00:35:53.160 --> 00:35:54.900

Peter: And then I'll take emotional approval.

183

00:36:54.960 --> 00:36:56.460

12035337265: I'll make a motion to approve them.

184

00:36:57.660 --> 00:37:00.390

Peter: Okay, can I guess. All right. All in favor.

185

00:37:01.890 --> 00:37:03.270

12036403278: Aye. Aye.

186

00:37:04.530 --> 00:37:05.070

Peter: Okay.

187

00:37:06.030 --> 00:37:10.770

Peter: So give me one second. Because now I lost the agenda. I was just looking at

188

00:37:12.060 --> 00:37:16.080

Kevin Magee: This, I can't see faces that was, this was Kim and then Janice

189

00:37:16.200 --> 00:37:16.800

12036873085: Yes.

190

00:37:16.860 --> 00:37:18.240

Peter: Yes, I'm like Jim and Janet

191

00:37:46.110 --> 00:37:48.600

Kevin Magee: Next will be public forum, if anybody's on the lines.

192

00:37:49.020 --> 00:37:52.170

Peter: Yeah, okay. I do not know.

193

00:37:54.930 --> 00:37:58.470

Peter: Is I don't think we have any public forum to talk to

194

00:38:00.180 --> 00:38:03.030

Peter: There's nobody else out there that I can see that signed in.

195

00:38:04.380 --> 00:38:07.650

Peter: So from there, we move on to lease properties.

196

00:38:10.350 --> 00:38:10.890

Kevin Magee: Yes.

197

00:38:11.040 --> 00:38:12.630

12035337265: We have, we have Skylar on

198

00:38:13.440 --> 00:38:15.180

12035337265: Yeah, I can. Okay.

199

00:38:16.530 --> 00:38:19.440

12035337265: And who else you said we had five Janet

200

00:38:19.500 --> 00:38:21.120

Peter: Michelle Kevin and Peter

201

00:38:22.050 --> 00:38:25.890

12035337265: Okay, thank you. And I was I'm not considering

202

00:38:26.010 --> 00:38:26.730

A Skyler.

203

00:38:28.290 --> 00:38:28.830

Peter: Public

204

00:38:29.910 --> 00:38:31.410

12035337265: No, no. He's a member now.

205

00:38:33.330 --> 00:38:33.600

12036403278: He's

206

00:38:34.590 --> 00:38:35.130

Kevin Magee: So,

207

00:38:36.060 --> 00:38:37.080

12036403278: He's our newest member

208

00:38:37.530 --> 00:38:46.530

Peter: Excellent. Alright, so the least properties. Do we have anything to talk about on Dudley preserve mess. We'll start with the easy ones first.

209

00:38:47.190 --> 00:39:02.460

Kevin Magee: So definitely preserve update on that is out there about week or two weeks ago or so. They've done a pretty good job. They took their front end, low, low end loader to the tractor and pushed in all the bases back so they really

210

00:39:03.300 --> 00:39:04.200

12035337265: Oh no no good.

211

00:39:05.130 --> 00:39:11.820

Kevin Magee: 15 foot swath of on the edge of the field pushing some of those all of a booting up with the bucket. The loader and pushing

212

00:39:11.820 --> 00:39:12.420

Peter: Our excellent

213

00:39:13.140 --> 00:39:15.120

Kevin Magee: further into the wood line there, so

214

00:39:16.620 --> 00:39:21.720

Kevin Magee: Looking good on that property there. He's also was out there also. He's also

215

00:39:23.550 --> 00:39:24.870

Kevin Magee: Received a couple of shipments of

216

00:39:25.320 --> 00:39:27.480

12035337265: chicken manure, which they fertilize the

217

00:39:27.630 --> 00:39:28.890

Kevin Magee: Field with so that's

218

00:39:31.410 --> 00:39:32.880

Kevin Magee: They're doing a good job there and

219

00:39:33.240 --> 00:39:38.250

Kevin Magee: With the social distancing lacrosse club marked out their field the plate but

220

00:39:38.460 --> 00:39:40.200

Kevin Magee: Obviously, they couldn't play so it's

221

00:39:40.260 --> 00:39:44.400

Kevin Magee: To the benefit of the potter's there that nobody's interfering with their operations right now.

222

00:39:44.430 --> 00:39:46.530

Peter: Yeah, no, that's good.

223

00:39:47.220 --> 00:39:48.570

Kevin Magee: interesting too because they worked

224

00:39:48.570 --> 00:39:49.380

Out your field.

225

00:39:50.670 --> 00:39:55.950

Kevin Magee: They marked out the field and then they dropped the spread of the Manila. So it's gonna be interesting how that played out afterwards.

226

00:39:59.250 --> 00:40:03.210

12036873085: A good thing they're not there with the chicken manure. Yes, yes.

227

00:40:03.840 --> 00:40:12.300

Kevin Magee: Um, so there he's moved on with that property northern heights grazing area. I just stopped there this morning with public works.

228

00:40:13.410 --> 00:40:19.890

Kevin Magee: Director Tom and looking at the area, showing them the area. Do we need graded out

229

00:40:21.270 --> 00:40:28.890

Kevin Magee: Thanks, he should be, we should be able to do it. He'll let me know next week. It's got bring one his machine operator there to kind of go over with them and then

230

00:40:29.700 --> 00:40:36.510

Kevin Magee: I told my Nia as soon as possible. So hopefully you can try to push it in before the end of spring to get that work done up there for that.

231

00:40:37.050 --> 00:40:41.250

12035337265: One. So you're gonna go that direction versus Dino

232

00:40:43.050 --> 00:40:44.670

Kevin Magee: Dino ways not to find funding.

233

00:40:44.670 --> 00:40:48.000

12035337265: For. Oh, got it, got it. Okay, perfect. Yeah.

234

00:40:51.150 --> 00:40:58.410

Kevin Magee: Or else he was gonna try bargain bargain us for extension of his other application or his, his license right work.

235

00:40:59.730 --> 00:40:59.880

12035337265: Like

236

00:41:01.050 --> 00:41:02.850

12035337265: Infinity. Yeah, yeah.

237

00:41:03.540 --> 00:41:06.150

Kevin Magee: This will be cleaner. If we can do the

238

00:41:06.210 --> 00:41:08.970

Kevin Magee: Top of the funnel works and go up there with their mini their with their

239

00:41:09.090 --> 00:41:11.310

Kevin Magee: Smaller excavator or larger excavator to

240

00:41:11.340 --> 00:41:11.910

12036873085: Quickly.

241

00:41:12.750 --> 00:41:14.460

Kevin Magee: Two or three days and do it.

242

00:41:14.850 --> 00:41:15.120

Yeah.

243

00:41:17.070 --> 00:41:23.040

Peter: Nothing. Nothing more from the half mile acre crew with that up there. They're out

244

00:41:23.130 --> 00:41:23.910  
Don, I

245

00:41:25.260 --> 00:41:32.550  
Kevin Magee: Tip Barbara Ghana, they still one piece of equipment update which needs to be removed. Molly, I think their rates or something like that. I think it is there.

246

00:41:32.850 --> 00:41:38.040  
Kevin Magee: Yeah, I'm still sitting there with I think that off the property, but it's kind of wet still something I like

247

00:41:39.270 --> 00:41:44.790  
Kevin Magee: To I also didn't get it in their training of the access roads was not really going to interfere with the other operation. I don't think

248

00:41:45.210 --> 00:41:49.140  
Kevin Magee: Okay. Um, but I'm not hit him up again to see

249

00:41:50.940 --> 00:41:55.560  
Kevin Magee: If they're jacking it out there to do it since they do kind of owe us money.

250

00:41:55.920 --> 00:41:56.370  
12035337265: Yeah.

251

00:41:56.730 --> 00:41:57.780  
Kevin Magee: I'm not sure how he's

252

00:41:57.990 --> 00:41:59.550  
Kevin Magee: He's feeling stuck with his back.

253

00:41:59.550 --> 00:42:00.060  
In

254

00:42:01.740 --> 00:42:07.650  
Kevin Magee: Law line and all that type of stuff. So I'm not sure where he is with his health there.

255

00:42:09.150 --> 00:42:13.320  
Kevin Magee: But, good try. Hit BB up tomorrow and see if I get anything from her out of that.

256

00:42:13.980 --> 00:42:19.200

Peter: Is the town for selling them to try to recover the last money.

257

00:42:19.560 --> 00:42:20.040

Kevin Magee: Oh, yeah.

258

00:42:20.430 --> 00:42:21.630

Kevin Magee: I gotta follow up with

259

00:42:22.470 --> 00:42:26.070

Kevin Magee: Matt and stuff and see how we handle that one and played out.

260

00:42:26.400 --> 00:42:26.820

Okay.

261

00:42:27.870 --> 00:42:31.260

12035337265: Probably not high on their priority list with the crisis going on right

262

00:42:31.470 --> 00:42:32.610

Peter: Now probably

263

00:42:33.240 --> 00:42:34.020

Kevin Magee: Not really.

264

00:42:35.880 --> 00:42:39.120

Peter: So what do we have to do to post that for lease.

265

00:42:40.860 --> 00:42:41.370

Kevin Magee: So that's

266

00:42:41.970 --> 00:42:42.990

Peter: Another line item.

267

00:42:43.530 --> 00:42:49.830

Kevin Magee: Well, that's no we can go right into that there for the Northern high tag, Gary. They're actually have

268

00:42:51.060 --> 00:43:00.270

Kevin Magee: Big documents which are catching on to be posted tomorrow on the web page and on the permit D is which is the state's purchasing my page.

269

00:43:00.450 --> 00:43:10.170

Kevin Magee: Yeah. Um, so this, this one's being placed back out there. Um, it's going to be due back

270

00:43:11.790 --> 00:43:12.780

Kevin Magee: My, my email. I

271

00:43:16.440 --> 00:43:25.980

Kevin Magee: Believe it's the fifth of may try to find my notes here on that. And then if anybody has comments and stuff. They have to come back to me by the 27th of April.

272

00:43:27.300 --> 00:43:28.110

Kevin Magee: I'll send everything

273

00:43:28.560 --> 00:43:36.720

Kevin Magee: By the package out the official package out that they put together. Tomorrow I'm talking about Pete, we made

274

00:43:38.340 --> 00:43:43.380

Kevin Magee: One directly, they made two changes to the thing is we made a note.

275

00:43:44.730 --> 00:43:47.190

Kevin Magee: To have them it's behave twice a year. So

276

00:43:48.240 --> 00:43:50.160

Kevin Magee: It's not just sitting till the end of the year.

277

00:43:51.750 --> 00:43:54.060

Kevin Magee: Try get the most productivity out of that property there.

278

00:43:54.180 --> 00:44:03.000

Kevin Magee: And yeah hopefully calls our neighbors from calling us see that has done in ours has been done the middle of summer.

279

00:44:03.390 --> 00:44:03.720

Yeah.

280

00:44:05.160 --> 00:44:10.140

Kevin Magee: So hopefully you get somebody that's actually serious and doing the work by having it. Yeah.

281

00:44:10.170 --> 00:44:19.500

Kevin Magee: Twice a year and then I did another thing just to kind of cover ourselves of adding a bullet point also saying that no hauntings allowed within the the license area.

282

00:44:21.000 --> 00:44:21.540

Kevin Magee: Yeah.

283

00:44:23.550 --> 00:44:29.430

Kevin Magee: I mean, that's all I'll make determined by the board of selectmen anyways, both from a good clear to them that that's not. Yeah.

284

00:44:30.120 --> 00:44:31.710

Peter: They're not part of their lease.

285

00:44:31.890 --> 00:44:42.720

Kevin Magee: That part of the lease me if there's some other plantings, and something near where they need to do a wildlife, we'd have to look at separately but hate cropping on think would now require the use of

286

00:44:43.470 --> 00:44:43.800

Peter: Know,

287

00:44:44.160 --> 00:44:45.990

Peter: Something down. Yeah.

288

00:44:47.250 --> 00:44:49.650

Peter: Now that so that will go out tomorrow.

289

00:44:51.120 --> 00:44:52.770

Peter: I don't want to jump too far away, but

290

00:44:53.760 --> 00:45:02.280

Kevin Magee: We have a thought here too. I'm also putting in there since the field wasn't cut, um, that they can put in two separate rates of one rate for the

291

00:45:03.300 --> 00:45:06.180

Kevin Magee: First year since it's not as good. Yeah.

292

00:45:06.240 --> 00:45:14.670

Kevin Magee: And then a separate separate rate from for the counters year 2021 to 22 January 2025

293

00:45:14.850 --> 00:45:15.180

Peter: Yeah.

294

00:45:15.540 --> 00:45:19.410

Kevin Magee: That would be maybe a lower rate for the first year to get it back up, but then

295

00:45:20.130 --> 00:45:24.510

Peter: Yeah, cuz the first product that they're going to do up there. Now, it's not going to be worth anything but mulch.

296

00:45:24.990 --> 00:45:25.440

Right.

297

00:45:26.730 --> 00:45:30.420

Kevin Magee: So I'm giving them that that leeway with the first

298

00:45:30.690 --> 00:45:31.020

Peter: Yeah.

299

00:45:31.110 --> 00:45:31.920

First year

300

00:45:34.050 --> 00:45:34.770

Kevin Magee: So that's the

301

00:45:35.850 --> 00:45:36.270

Kevin Magee: The other

302

00:45:38.100 --> 00:45:41.580

Kevin Magee: Know what I put in here and also another cleanup of the contract basically saying

303

00:45:42.810 --> 00:45:55.650

Kevin Magee: May 1 of each year is a payment date wasn't clear in the original ones that just said within one month of signing this is your

first payment, but then it never really went back into what was the first payment of the year we made

304

00:45:55.770 --> 00:45:56.130

Kevin Magee: Clear to

305

00:45:56.190 --> 00:45:58.770

Kevin Magee: Me first is the first payment of the year and then

306

00:46:00.330 --> 00:46:03.150

Kevin Magee: By November 1 will be the second payment of the year.

307

00:46:03.780 --> 00:46:04.110

Yeah.

308

00:46:05.580 --> 00:46:20.460

Kevin Magee: Which is a way it was before. So that's be this property here. And like I said, it's roughly two, two weeks for anybody to get the documents and dropping back off in the

309

00:46:23.670 --> 00:46:26.700

Kevin Magee: Lockbox on location we have in town hall South

310

00:46:27.000 --> 00:46:32.310

Kevin Magee: Yep, and they'll be date stamped into the office on that, on that date there.

311

00:46:33.480 --> 00:46:45.930

Peter: Ok now so we're not boring. I mean, we can't do much for Dino and his not cleaning his trunk of northern up there because he can't get to it.

312

00:46:46.020 --> 00:46:47.130

Kevin Magee: He can't get there.

313

00:46:49.020 --> 00:46:54.300

Kevin Magee: Unless it really drives out. I mean, there is a section where you can get into. But really what for that pathway right now.

314

00:46:54.630 --> 00:46:55.710

Peter: He's not going to get there.

315

00:46:56.100 --> 00:46:57.600

Kevin Magee: It's saturated right now so

316

00:46:57.600 --> 00:46:59.550

Peter: Yeah, he's. Yeah, that's not gonna happen.

317

00:46:59.550 --> 00:47:01.230

Peter: So we're still waiting on

318

00:47:02.250 --> 00:47:04.410

Peter: We'll wait on that road way to

319

00:47:04.440 --> 00:47:08.340

Peter: Correct. And start putting Dino given Dina's pressure

320

00:47:08.940 --> 00:47:10.710

Kevin Magee: Right, yeah. Okay.

321

00:47:11.640 --> 00:47:18.240

Peter: So when that contract goes out, are you doing anything with the contract on county road that

322

00:47:19.230 --> 00:47:24.930

Kevin Magee: Yep, I'm working on that one. Now this one's a little bit more trickier. Since the first year going into it.

323

00:47:26.070 --> 00:47:30.960

Kevin Magee: Also with the property having it is over another property get into it.

324

00:47:32.400 --> 00:47:38.070

Kevin Magee: And also the property, having a conservation easement held on it by the Land Trust makes a little bit more complicated.

325

00:47:39.270 --> 00:47:40.860

Kimberly Brockett: So did you touch base with

326

00:47:40.980 --> 00:47:42.990

Kimberly Brockett: The people that are currently paying it

327

00:47:43.560 --> 00:47:50.040

Kevin Magee: I'm going to be sending the letter I think I sent it to the family. I guess I'm hoople road. I'm not sure the address of the

328

00:47:50.310 --> 00:47:52.980

Kimberly Brockett: Yeah okay so so you haven't had a conversation with them yet.

329

00:47:53.550 --> 00:47:54.240

Kevin Magee: No, I

330

00:47:54.330 --> 00:47:54.510

Kimberly Brockett: Don't

331

00:47:54.750 --> 00:48:00.750

Kevin Magee: I'm not sure if the vendor Mars or or or through the land trust has been talking with them, but I haven't had direct conversation with them.

332

00:48:01.410 --> 00:48:02.790

Kimberly Brockett: Okay, thank

333

00:48:03.810 --> 00:48:04.380

Peter: You made it.

334

00:48:04.770 --> 00:48:08.550

Kimberly Brockett: I made it. I didn't. I don't see an email from Kevin, but that's okay. That's besides the point.

335

00:48:09.780 --> 00:48:10.500

Kimberly Brockett: I got on there.

336

00:48:11.190 --> 00:48:11.550

Good.

337

00:48:13.440 --> 00:48:14.460

Kevin Magee: Yeah, so the

338

00:48:15.060 --> 00:48:17.670

Kevin Magee: Similar big proposal that's gonna come out to this.

339

00:48:17.670 --> 00:48:23.130

Kevin Magee: Property here also, it's roughly about six and a half acres of cable land on the

340

00:48:23.160 --> 00:48:24.690

Kevin Magee: County Road property there.

341

00:48:24.960 --> 00:48:25.230

Yeah.

342

00:48:26.730 --> 00:48:35.580

Kevin Magee: I guess need to give more legal descriptions and stuff or town council to to evaluate look at and I need to go letter.

343

00:48:36.750 --> 00:48:39.210

Kevin Magee: From the Land Trust saying yes it is a

344

00:48:40.740 --> 00:48:43.380

Kevin Magee: Reserved right that you can get the town can

345

00:48:44.640 --> 00:48:48.210

Kevin Magee: Oversee life. Hey licenses on the on the property there, so I need to

346

00:48:48.840 --> 00:48:51.660

Kimberly Brockett: Know, have you talked to anybody from the top from the land trust about it.

347

00:48:51.930 --> 00:48:52.800

Kevin Magee: Yes, I've been in

348

00:48:52.830 --> 00:48:53.970

Kimberly Brockett: Contact with land trust.

349

00:48:54.360 --> 00:48:56.190

Kevin Magee: That's actually how I figured I found out about

350

00:48:56.700 --> 00:48:59.670

Kevin Magee: We actually had a good field there for land trust one they

351

00:49:00.330 --> 00:49:03.120

Kevin Magee: Invited me up to the property over the summer to look at an area.

352

00:49:03.120 --> 00:49:06.270

Kevin Magee: Where vases and stuff. They wanted to deal with.

353

00:49:06.750 --> 00:49:07.080

Kimberly Brockett: Got it.

354

00:49:07.620 --> 00:49:07.830

Kevin Magee: Oh,

355

00:49:07.860 --> 00:49:09.570

Kevin Magee: Who cuts this field here.

356

00:49:09.810 --> 00:49:12.390

Kevin Magee: Yeah. Um, we're not quite positive

357

00:49:14.130 --> 00:49:15.660

Kevin Magee: So that started the whole cycle that we went

358

00:49:15.660 --> 00:49:17.940

Kevin Magee: Through I think last fall and stuff and kind of finally

359

00:49:17.940 --> 00:49:19.740

Kevin Magee: narrowed down over the winter of that.

360

00:49:21.150 --> 00:49:22.350

Kevin Magee: Who's currently doing it.

361

00:49:25.110 --> 00:49:27.510

Kevin Magee: So yeah, I've been in

362

00:49:27.540 --> 00:49:28.980

Kevin Magee: Direct contact with the land trust.

363

00:49:29.970 --> 00:49:34.320

Kevin Magee: Over the past six or seven seven months on regarding this property here.

364

00:49:34.380 --> 00:49:34.680

Okay.

365

00:49:35.940 --> 00:49:45.390

12036873085: Oh, Kevin, can you clarify the app that's. I'm not sure that I quite caught that. Is it through Vander mailing or is there another way to get into that.

366

00:49:45.960 --> 00:49:55.140

Kevin Magee: Is through video millions up his current driveway and then between his barn and the house into the field there.

367

00:49:56.370 --> 00:50:07.440

12036873085: So it's directly. I guess I wasn't clear on what you said about the access with the Land Trust is it over a portion of land trust land to get they are directly through Vander mail and

368

00:50:08.070 --> 00:50:14.370

Kevin Magee: Issue Vanda millas property, but the Land Trust has a conservation easement over the properties part of the purchase.

369

00:50:15.330 --> 00:50:17.310

12036873085: Oh, okay. All right. Understood.

370

00:50:17.640 --> 00:50:24.150

12036873085: That was one of those where the neighbors chip in some money. The Land Trust chipped in some money in the town chipped in money to purchase this this

371

00:50:24.150 --> 00:50:24.960

Kevin Magee: Property here.

372

00:50:25.950 --> 00:50:27.360

12036873085: Okay. All right, got it.

373

00:50:30.960 --> 00:50:34.590

Kevin Magee: So they have some interest in the property suicide.

374

00:50:35.580 --> 00:50:37.170

12036873085: Right, right. Understood.

375

00:50:40.350 --> 00:50:57.150

Kevin Magee: But I'm hoping to get this one out. And another week or so. Also, this one here says it's been caught last year was not as critical as getting somebody in there right away to if they need to quickly malicious one. The northern heights down to get some good grass growing

376

00:50:58.140 --> 00:50:58.500

Yeah.

377

00:50:59.850 --> 00:51:02.700

Peter: Yeah, that won't be as hard to bring back around bright

378

00:51:03.360 --> 00:51:06.300

Kevin Magee: But my walk the county road field, the other day and it

379

00:51:07.830 --> 00:51:13.470

Kevin Magee: It definitely does need some assistance there in terms of probably fertilizer online and stuff like that.

380

00:51:13.860 --> 00:51:18.000

Kevin Magee: Yeah, and really thesis seem that take have a grass there.

381

00:51:18.300 --> 00:51:26.730

Kevin Magee: Yeah, starting to see some decent stuff, stuff. Stuff starting to pop up through the Golan area grassy area is there, so that one's gonna

382

00:51:27.990 --> 00:51:32.700

Kevin Magee: Take a little bit to get to a healthy crap like we've been seeing an early properties there.

383

00:51:33.270 --> 00:51:35.220

Kimberly Brockett: Yeah, or how are the edges.

384

00:51:35.310 --> 00:51:36.090

Kimberly Brockett: Or the

385

00:51:36.270 --> 00:51:39.180

Kimberly Brockett: Or the edges pushed back pretty well or they need some attention to

386

00:51:39.720 --> 00:51:52.830

Kevin Magee: I'm thinking pretty good there. I'm off to take a closer look at it, but they seem to be cut pretty tight on the edges there. Um, and this is me. This is there's two parcels there there's

387

00:51:54.150 --> 00:52:03.540

Kevin Magee: This is part of a 13 acre parcel. And then there's another two and a half acre parcel, which was purchased two and a half acre parcels one outside of this contract which is going to be

388

00:52:04.770 --> 00:52:11.910

Kevin Magee: seasonally cut. So we'll bring in a brush hog ourselves and maintain that other corner of the property there.

389

00:52:13.440 --> 00:52:15.600

Kevin Magee: For the wildlife.

390

00:52:16.320 --> 00:52:17.430

Peter: protects our that

391

00:52:17.910 --> 00:52:19.320

Peter: All that scrub brushes.

392

00:52:19.530 --> 00:52:28.620

Kevin Magee: Exactly. Yeah. Yeah. So it's not even good now. Emily area there. So that's going to just be maintained by brush on a regular basis there.

393

00:52:31.620 --> 00:52:36.480

Kevin Magee: But yeah, I think that so I walked to the other day look like the edges are pretty pretty well cut back to the wood line there.

394

00:52:40.110 --> 00:52:47.850

Kevin Magee: There might be some invasive growing along the fence line which needs to be cut out over time, but they're not really protruding too far into the fields there.

395

00:52:48.240 --> 00:52:48.600

Yeah.

396

00:52:50.610 --> 00:52:51.240

Kevin Magee: But we can

397

00:52:52.260 --> 00:52:54.330

Kevin Magee: Probably wondering socially.

398

00:52:54.960 --> 00:52:58.530

Kevin Magee: Yes restrictions get placed off taken off, we can

399

00:52:59.490 --> 00:53:01.470

Kevin Magee: Walk to walk through here.

400

00:53:02.220 --> 00:53:08.670

Kevin Magee: Yeah, as long as we stay under five people somehow we can kind of keep a part through on it.

401

00:53:11.220 --> 00:53:13.380

Peter: I'm sure we can make it work when we can do it.

402

00:53:15.660 --> 00:53:21.870

Kevin Magee: So yeah, hopefully. Hopefully in two weeks or a week or two, we can have this one going out the door all software.

403

00:53:21.930 --> 00:53:22.260

Yeah.

404

00:53:23.880 --> 00:53:25.770

Peter: All right. Yeah, that would be good.

405

00:53:26.370 --> 00:53:39.300

Kevin Magee: So it's not as big as the other ones, but be good for somebody. Maybe it's still doing work in the neighborhood there maybe partners, which is doing further down county broken place. This one also in his, his group of fields. He does maybe

406

00:53:39.750 --> 00:53:46.500

Peter: You know it'd be a nice one to have small enough, you can really take care of it and grow some real good. Hey, out of it.

407

00:53:47.340 --> 00:53:47.610

Kevin Magee: Yeah.

408

00:53:47.640 --> 00:53:51.870

Peter: I mean it's not overwhelming like 30 acres or 40 acres

409

00:53:52.230 --> 00:53:52.620

Right.

410

00:53:55.470 --> 00:54:02.670

Kevin Magee: Much trucking in there because there is a small clover and Venom Iris driveway there which I really wouldn't want a large truck bringing materials in there. I

411  
00:54:03.120 --> 00:54:03.480  
Peter: Yeah.

412  
00:54:03.990 --> 00:54:06.870  
Kevin Magee: I'm so happy work, statistically, how they get

413  
00:54:07.380 --> 00:54:10.710  
Kevin Magee: My realize her and stuff into their yeah

414  
00:54:14.130 --> 00:54:16.770  
Peter: Alright, well, we'll do that. We'll cross that bridge when we had

415  
00:54:16.770 --> 00:54:17.490  
Exactly.

416  
00:54:18.600 --> 00:54:19.080  
Kimberly Brockett: Over

417  
00:54:21.780 --> 00:54:22.620  
Peter: Yeah yeah

418  
00:54:23.010 --> 00:54:23.490  
All right.

419  
00:54:24.840 --> 00:54:26.970  
Peter: Well well house nothing to report.

420  
00:54:29.490 --> 00:54:30.180  
Peter: He's still there.

421  
00:54:30.720 --> 00:54:32.940  
Peter: I'm socially unable to go there.

422  
00:54:36.240 --> 00:54:37.080  
Kevin Magee: By yourself.

423  
00:54:37.380 --> 00:54:37.980

12036873085: Yeah, I know.

424

00:54:38.250 --> 00:54:40.140

Peter: But I need five guys to assist me

425

00:54:42.180 --> 00:54:49.530

Peter: I can't get I've lost my, hold on. Alright, so now I'm on to the next page.

426

00:54:52.260 --> 00:54:57.540

Peter: Map brochure. Do we need anything on that or the ag side or the axons.

427

00:55:00.000 --> 00:55:04.800

Peter: How, what are we, where did we leave off on the ag signs. It seems like it's been months since we talked

428

00:55:05.370 --> 00:55:06.330

Kevin Magee: Those are

429

00:55:06.570 --> 00:55:09.030

Peter: Just sitting in the budget. Okay, so the

430

00:55:09.060 --> 00:55:16.290

Peter: The budget. Did they do anything with our budget yet or it's the budget, whatever happened that's not gotten up for vote yet.

431

00:55:17.250 --> 00:55:23.130

Kevin Magee: That's gone to be I think there's a public hearing those. How about last week I think on that through zoom meeting.

432

00:55:23.700 --> 00:55:28.890

Kevin Magee: And then I think the board of finance finance then votes to approve it, because there's no referendum this year.

433

00:55:29.100 --> 00:55:29.700

Because

434

00:55:30.720 --> 00:55:31.860

Kevin Magee: You have the water so

435

00:55:32.220 --> 00:55:33.300

12036873085: Most likely, we

436

00:55:33.690 --> 00:55:35.730

Kevin Magee: Get our mass or get our

437

00:55:35.760 --> 00:55:36.450

Kevin Magee: Signs, then

438

00:55:37.140 --> 00:55:39.420

Kimberly Brockett: unless unless board of finance cuts it out right

439

00:55:39.570 --> 00:55:42.600

Kevin Magee: Yeah, let's say cut out \$500 out of my but our budget here.

440

00:55:43.080 --> 00:55:43.710

Kimberly Brockett: Which I do

441

00:55:45.750 --> 00:55:52.170

12036403278: And what we're talking about when we're talking about the ag fine but we're talking about the ones that you come into the town and you see

442

00:55:52.410 --> 00:55:53.550

Kevin Magee: Exactly, yeah.

443

00:55:53.970 --> 00:55:55.740

12036403278: Great. Fabulous.

444

00:55:56.490 --> 00:55:59.310

Peter: Yeah, we're looking to reduce the ones because a lot of them got

445

00:55:59.370 --> 00:56:00.480

Peter: Their faded and

446

00:56:00.900 --> 00:56:01.230

One of

447

00:56:02.580 --> 00:56:02.760

Peter: Them.

448

00:56:02.790 --> 00:56:04.020

Peter: Yeah, so

449

00:56:04.380 --> 00:56:05.220

12036403278: They're terrible.

450

00:56:07.590 --> 00:56:10.260

12036403278: Sky Skylar are you have one almost in your

451

00:56:10.260 --> 00:56:11.820

Kimberly Brockett: Front yard, don't you, I

452

00:56:12.210 --> 00:56:18.210

12036403278: Literally have one of my front yard and I'm just like that. I was like, I was like, the first thing I need to bring up in these meetings.

453

00:56:21.180 --> 00:56:22.620

12036403278: So I'm glad that it's getting done.

454

00:56:24.390 --> 00:56:28.860

Kevin Magee: That's gonna be the same symbols and stuff. It's just gonna be a newer sign, I believe, right.

455

00:56:29.130 --> 00:56:30.780

12036403278: Oh yeah, I'll take that.

456

00:56:30.900 --> 00:56:33.150

12036403278: I'll take anything other than what's up right now.

457

00:56:34.590 --> 00:56:34.950

12036403278: Great.

458

00:56:38.520 --> 00:56:40.680

Kevin Magee: So hopefully like July 1 we can put an order in

459

00:56:41.850 --> 00:56:42.030

12036403278: For

460

00:56:42.300 --> 00:56:42.420

Kimberly Brockett: The

461

00:56:43.170 --> 00:56:45.540

Kimberly Brockett: raffle off the old ones for the further

462

00:56:46.830 --> 00:56:49.290

12036873085: What we're doing with the old ones. I think

463

00:56:49.590 --> 00:56:51.060

12036873085: raffle them off hang

464

00:56:51.630 --> 00:56:54.570

Kevin Magee: On to them. If somebody steals when we have something to go back go

465

00:56:54.930 --> 00:56:55.320

True.

466

00:56:58.170 --> 00:56:59.310

12036403278: I think apples. Great.

467

00:57:00.930 --> 00:57:01.860

Kevin Magee: Good hope one day.

468

00:57:03.690 --> 00:57:04.170

Peter: Yeah.

469

00:57:05.580 --> 00:57:08.190

Peter: Alright so new business.

470

00:57:10.230 --> 00:57:14.790

Peter: Any buddy. Got anything I do for. Anybody got anything else.

471

00:57:16.080 --> 00:57:18.120

Kimberly Brockett: I'm bringing up, but I think you're bringing up

472

00:57:19.110 --> 00:57:20.700

Peter: A while. Well, I don't know.

473

00:57:22.560 --> 00:57:22.860

12036873085: She'll

474

00:57:25.890 --> 00:57:27.960

Kevin Magee: Jump back to business for a second.

475

00:57:28.020 --> 00:57:28.830

Peter: Oh yeah, sorry.

476

00:57:29.310 --> 00:57:36.450

Kevin Magee: Membership um I sent Tracy or segments office and note to check, see what's going on with

477

00:57:38.520 --> 00:57:45.300

Kevin Magee: Our two other candidates there and waiting for the Republican Party to

478

00:57:46.410 --> 00:57:46.980

Kevin Magee: Take action.

479

00:57:48.360 --> 00:57:48.750

Peter: Really

480

00:57:49.350 --> 00:57:52.290

Kevin Magee: Yeah, so they're on hold for them there. So,

481

00:57:54.810 --> 00:57:59.580

Kevin Magee: Be nice to get him or former member in his son back onto the board here. Hey,

482

00:57:59.880 --> 00:58:00.960

Peter: Yeah, that would be awesome.

483

00:58:02.490 --> 00:58:03.780

That would be excellent.

484

00:58:05.700 --> 00:58:06.270

Peter: So,

485

00:58:07.680 --> 00:58:14.460

Peter: New business for me was I had somebody talked to me about

486

00:58:15.510 --> 00:58:20.070

Peter: The Secret dear up in North Guilford that are Sam Bartlett's

487

00:58:21.240 --> 00:58:42.390

Peter: There and i i known about this, about, I don't know, three weeks, four weeks ago someone talked to me and I went out and looked and there's the male deer that he has in his lot had a lead rope wrapped around his antlers. So he's tangled in something

488

00:58:44.610 --> 00:59:02.850

Peter: I went back up there, about a week ago to get some stuff from P and it was still wrapped around this antlers of the animal I specifically drove in there yesterday to look at it and the rope is still wrapped around the antlers of the animal.

489

00:59:05.070 --> 00:59:18.870

Peter: I'm not sure whether just calling him I didn't want to just go knock on the door and listen this is unacceptable that animal shouldn't have, you know, 20 feet of rope hanging out of his rack for a month and a half.

490

00:59:19.680 --> 00:59:27.570

Peter: Right. And the person that had seen him. I'm sure it's going to start hounding me because I said I wasn't going to do anything until we had a meeting.

491

00:59:29.700 --> 00:59:30.510

Peter: What do we do with it.

492

00:59:31.800 --> 00:59:35.850

Kevin Magee: The good question. Is that falls under us, or should we just make a call into

493

00:59:36.420 --> 00:59:43.530

Kevin Magee: Control deep the animal controller deep to take a look at a scene. Dear sort of considered a wildlife and am I would consider deep maybe

494

00:59:43.950 --> 00:59:57.570

Peter: Yeah, well, I'm just concerned. I mean, I didn't look around the rest of the property. I mean, if the animal. This animals getting cared for that way should we look around a little bit more to make sure that there's nothing else.

495

00:59:58.620 --> 01:00:00.720

Peter: Happening. I don't know.

496

01:00:01.680 --> 01:00:08.490

Kevin Magee: Yeah, I think we me. Well, the full access to the property, but it's definitely probably go through the Animal Control Officer and say, hey, we noticed this from the road.

497

01:00:10.290 --> 01:00:11.880

12036403278: Yeah. Can you take a week.

498

01:00:13.140 --> 01:00:22.440

12036873085: Yeah, I would think that would be the appropriate way to handle it is good to have them address it with with the owner and then see what happens.

499

01:00:22.860 --> 01:00:23.250

Yeah.

500

01:00:25.260 --> 01:00:25.620

All right.

501

01:00:27.420 --> 01:00:28.800

Peter: Yeah, I thought

502

01:00:28.860 --> 01:00:35.100

12036403278: I thought, I thought, too. So, I, I'm glad that it's being said because I got my mulch from Peter

503

01:00:36.450 --> 01:00:40.590

12036403278: And so I saw. And I thought, I thought that seems kind of odd.

504

01:00:41.730 --> 01:00:53.010

12036403278: But you know i i had i animal control has been great with me. They actually were able to come and notify me when something was happening with my sheep down at the Sperry lot

505

01:00:53.400 --> 01:00:56.280

12036403278: And they were very, very good to work with.

506

01:00:57.300 --> 01:00:59.430

12036403278: So that's what I would suggest as well.

507

01:01:01.380 --> 01:01:02.760

12036403278: I was going to reach out

508

01:01:04.320 --> 01:01:09.090

Kevin Magee: I'll send an email over to them tomorrow to the to Jeff at the PD and have them.

509

01:01:09.660 --> 01:01:09.990

Peter: Yeah.

510

01:01:10.440 --> 01:01:12.570

Kevin Magee: We're gonna control person, take a look at it there.

511

01:01:12.930 --> 01:01:19.680

Peter: Yeah. Haven't go up and look at it and make sure that you let us know what they determine or whatever. I mean, if

512

01:01:20.430 --> 01:01:23.370

Kimberly Brockett: There's anything they need from us afterwards.

513

01:01:23.430 --> 01:01:28.590

Kevin Magee: Right, this is visible from the driveway of the Perkins driver to know

514

01:01:28.800 --> 01:01:34.440

Peter: Yeah, if you go on Marlowe's driveway to the mill, you can easily see it. I mean, it's a

515

01:01:34.800 --> 01:01:36.960

Peter: Rope it's wrapped around this.

516

01:01:37.230 --> 01:01:39.810

Peter: It can't be helping the animals antlers.

517

01:01:42.180 --> 01:01:42.660

Peter: So,

518

01:01:43.320 --> 01:01:44.730

Peter: Yeah, that is a blue rope.

519

01:01:45.210 --> 01:01:45.540

Yeah.

520

01:01:47.310 --> 01:01:47.760

Peter: So,

521

01:01:48.780 --> 01:01:54.090

Peter: I mean, and I can't believe Samaras kid didn't see it, it's been on there for a month and a half.

522

01:01:54.630 --> 01:01:54.990

Right.

523

01:01:56.790 --> 01:01:57.270

Peter: So,

524

01:01:58.890 --> 01:01:59.340

Peter: I

525

01:02:01.230 --> 01:02:03.690

Kevin Magee: Get a hold of his dear, but they can make unguarded from

526

01:02:03.750 --> 01:02:04.230

Peter: Well, that's

527

01:02:04.260 --> 01:02:05.490

Nice gonna say they could get

528

01:02:08.700 --> 01:02:17.820

Peter: Cody there right he's seen lives in Clinton. He's the one that used to foster all the baby deer. He can Dart him or his wife can

529

01:02:19.200 --> 01:02:28.170

Peter: Because he did mine when I had the baby that we raised, we had to have a darted because it broken a broken straw and they came in and did it.

530

01:02:29.880 --> 01:02:30.240

Kevin Magee: Okay.

531

01:02:30.960 --> 01:02:34.470

Peter: All right, so, Kim, did you have something on that.

532

01:02:34.680 --> 01:02:37.200

Kimberly Brockett: Other yeah I hesitate to bring it up.

533

01:02:37.200 --> 01:02:38.940

Kimberly Brockett: But I'm going to do.

534

01:02:39.540 --> 01:02:39.930

Peter: About it.

535

01:02:40.350 --> 01:02:41.610

Peter: No. Okay.

536

01:02:41.730 --> 01:02:43.050

Kimberly Brockett: You and I talked about it.

537

01:02:43.110 --> 01:02:45.540

Kimberly Brockett: Yeah, I'm long Hill Road.

538

01:02:46.350 --> 01:02:49.350

Kimberly Brockett: Yeah, the, the, the horse farm.

539

01:02:51.990 --> 01:02:53.010

Kimberly Brockett: helped me out with a street.

540

01:02:53.460 --> 01:02:55.590

Peter: Cross from red coat the New London.

541

01:02:55.650 --> 01:02:57.600

Kevin Magee: Great lines area.

542

01:02:57.780 --> 01:03:02.790

Kimberly Brockett: By the power lines. I'm concerned about the number of animals on there. I'm not

543

01:03:02.820 --> 01:03:04.140

12036873085: Do they have a variance for

544

01:03:04.140 --> 01:03:10.230

Kevin Magee: That number of animals or go to the building from I found this afternoon. I didn't see anything in there. I need to check the

545

01:03:10.500 --> 01:03:12.450

Kevin Magee: Plane zoning to do some more.

546

01:03:12.960 --> 01:03:14.700

Kimberly Brockett: I think it needs to

547

01:03:14.700 --> 01:03:15.150

12036873085: Get

548

01:03:15.270 --> 01:03:19.200

Kimberly Brockett: Up to speed in terms of regulation before they start bringing in six

549

01:03:19.200 --> 01:03:22.920

Kimberly Brockett: Or seven rescues on however many acres that is

550

01:03:23.790 --> 01:03:28.560

Kevin Magee: You'll see what they have been permitted for in there. I know they had a writing studio quote before

551

01:03:29.010 --> 01:03:33.630

Kevin Magee: Yeah, sure, what their job. They've been approved for us on that property, they're

552

01:03:34.860 --> 01:03:36.270

Kevin Magee: Not really formally approved and

553

01:03:36.630 --> 01:03:39.180

Kimberly Brockett: I'm guessing it's never been formally approved in it.

554

01:03:39.210 --> 01:03:50.190

Kimberly Brockett: Everybody just look the other way. So I'm concerned that we're going to let it go to another. I mean, I was concerned when there was a real estate listing up for it. And there was absolutely no mention of

555

01:03:50.460 --> 01:03:51.600

Kimberly Brockett: It was a variance or

556

01:03:51.600 --> 01:03:52.980

Kimberly Brockett: Approved for it just said.

557

01:03:53.040 --> 01:03:58.260

Kimberly Brockett: X amount of acres X amount of dollars, you can have so many horses. But that's really not.

558

01:03:58.800 --> 01:03:59.820

Kimberly Brockett: Yeah, allowed

559

01:04:00.930 --> 01:04:02.490

12036873085: It's like find something

560

01:04:02.940 --> 01:04:03.570

Kevin Magee: Find something

561

01:04:03.600 --> 01:04:05.220

Kevin Magee: Acres is they can pie have

562

01:04:06.240 --> 01:04:11.010

Kevin Magee: With the weight limit stuff. I think maximum of five horses.

563

01:04:11.460 --> 01:04:11.730

Yeah.

564

01:04:13.440 --> 01:04:15.180

Peter: I think that's how we were scaled out

565

01:04:15.300 --> 01:04:17.160

12036873085: It's one per acre. It's a nap.

566

01:04:17.640 --> 01:04:18.360

12036873085: Right, yeah.

567

01:04:19.170 --> 01:04:21.420

Kevin Magee: I think you have to take off part of the house lie to you.

568

01:04:21.480 --> 01:04:23.250

Kimberly Brockett: Right, you got to take the house lot out

569

01:04:24.420 --> 01:04:25.800

Kimberly Brockett: And I think there's, what, six.

570

01:04:25.800 --> 01:04:26.460

12036873085: Stalls

571

01:04:26.580 --> 01:04:27.990

Kimberly Brockett: I'm not around six or seven

572

01:04:29.520 --> 01:04:29.700

Peter: So,

573

01:04:30.600 --> 01:04:33.450

Kimberly Brockett: They think they can fill the stalls, which is an accurate.

574

01:04:35.850 --> 01:04:36.930

Kimberly Brockett: So anyway, if

575

01:04:37.050 --> 01:04:37.410

12036403278: If we

576

01:04:37.500 --> 01:04:39.210

Kimberly Brockett: We can just follow up with that.

577

01:04:39.810 --> 01:04:40.890

Kevin Magee: And I'll take I'll take

578

01:04:41.280 --> 01:04:45.270

Kevin Magee: I'll take the file and send a note to Arrington investigate further.

579

01:04:45.990 --> 01:04:46.350

Yeah.

580

01:04:48.390 --> 01:04:48.960

Peter: All right.

581

01:04:50.040 --> 01:04:52.920

Peter: That's the end. A new business. How about other business.

582

01:04:54.480 --> 01:04:55.260

Peter: Anything there.

583

01:04:59.580 --> 01:05:08.940

12036403278: I will go what actually considered out of business. Sorry, I'm just still getting to know everything. Anything else that. Okay.

Yeah. Anything else anybody wants to

584

01:05:08.940 --> 01:05:11.190

Peter: Talk about things about about

585

01:05:12.240 --> 01:05:15.450

12036403278: Cool. No, I don't have anything. I just wanted to make sure I got

586

01:05:18.630 --> 01:05:19.710

Peter: Correspondence

587

01:05:21.180 --> 01:05:25.320

Kevin Magee: I can. Nothing new here, I gotta follow up with the correspondence. I sent around

588

01:05:26.400 --> 01:05:30.570

Kevin Magee: Christmas time to Dennis and Aaron regarding the

589

01:05:32.580 --> 01:05:35.520

Kevin Magee: Other horse property up north. Go for a bluff you there.

590

01:05:35.880 --> 01:05:36.210

Kimberly Brockett: Oh,

591

01:05:36.420 --> 01:05:38.610

Peter: Yes, thank you for mentioning that that reminds

592

01:05:38.730 --> 01:05:38.910

Me.

593

01:05:41.880 --> 01:05:43.590

Peter: I haven't gone to look at it yet.

594

01:05:43.650 --> 01:05:50.010

Peter: But it's my understanding the old manure pile is either completely gone or close to completely gone.

595

01:05:52.950 --> 01:05:54.480

Peter: Dino and Mikey

596

01:05:55.740 --> 01:06:05.400

Peter: Somehow Esposito got involved went over there and got involved and took it. So they've added it to their big pile of what they have.

597

01:06:06.600 --> 01:06:11.400

Peter: So, I mean, it was a home run for them it was worth getting. I mean, it was probably beautiful topsoil.

598

01:06:12.600 --> 01:06:13.800

Kevin Magee: The bottom gotta be

599

01:06:14.310 --> 01:06:15.030

Peter: Yeah, so

600

01:06:15.420 --> 01:06:21.960

Peter: I didn't go up there but Diane, it said that they don't bend over there and cleaned up cleaned up most of that pile.

601

01:06:22.620 --> 01:06:33.120

Peter: Okay, so that's a good thing. Now if if Dan is goes up and looks and make sure that there's still not running off in the river, then it might be over.

602

01:06:33.960 --> 01:06:35.460

Kevin Magee: Yeah, we can verify

603

01:06:36.090 --> 01:06:43.080

Kevin Magee: The activity there. I haven't heard anything. What's up with a lot yet either. Though I know it was on the market or is on the market.

604

01:06:43.530 --> 01:06:43.980

Yeah.

605

01:06:46.770 --> 01:06:51.330

Peter: Not sure. All right, where are we at, is that it's at the end.

606

01:06:52.350 --> 01:06:52.650

Do we

607

01:06:54.180 --> 01:06:56.610

Peter: Can we adjourn this thing. Can I get a motion.

608

01:06:58.950 --> 01:07:00.150

Peter: to adjourn. Yeah.

609

01:07:00.540 --> 01:07:02.400

12036873085: Sure, I'll make a motion to adjourn.

610

01:07:04.110 --> 01:07:06.450

Peter: Alright, Janet. Did that he's gonna say

611

01:07:06.720 --> 01:07:06.960

Yeah.

612

01:07:07.980 --> 01:07:09.570

12036873085: Okay, Kim second

613

01:07:09.840 --> 01:07:10.650

All in favor.

614

01:07:11.730 --> 01:07:12.060

Kimberly Brockett: Aye.

615

01:07:13.530 --> 01:07:14.010

Peter: All right. Alright.

616

01:07:14.730 --> 01:07:16.980

Peter: Well, this actually worked out.

617

01:07:18.180 --> 01:07:24.060

Peter: So I hope everybody stay safe. Stay healthy stay home.

618

01:07:26.220 --> 01:07:27.510

Peter: Like everybody else like

619

01:07:27.960 --> 01:07:29.460

Peter: Don't go by the town green

620

01:07:30.330 --> 01:07:31.380

Peter: It obviously doesn't

621

01:07:31.380 --> 01:07:33.510

Peter: Affect the people that are on our town green

622

01:07:34.980 --> 01:07:35.190

Peter: Yep.

623

01:07:35.790 --> 01:07:36.510

Peter: Have a good night.

624

01:07:36.960 --> 01:07:39.660

12036403278: Good night. Bye bye. Bye.
