Guilford Host1: we're going to go into communications and public forum.

6

00:00:54.780 --> 00:01:00.930

Guilford Host1: And I have a public forum I don't have any communications, so we will go into.

7

00:01:02.430 --> 00:01:12.600

Guilford Host1: guest speakers none and approval previous meeting minutes anybody see anything that required any changes any admissions corrections.

8

00:01:15.420 --> 00:01:17.760

Guilford Host1: Okay, and in motion to approve.

9

00:01:19.860 --> 00:01:20.550

David Egan: So most.

10

00:01:20.910 --> 00:01:22.350

Guilford Host1: Thank you, David me the second.

11

00:01:27.000 --> 00:01:28.470

Guilford Host1: amy Thank you.

12

00:01:29.520 --> 00:01:30.870

Guilford Host1: Sorry JP URL slow there.

13

00:01:32.160 --> 00:01:32.970
Guilford Host1: have some more coffee.

14
00:01:38.520 --> 00:01:51.720
Guilford Host1: All right, so we'll go to the coordinators report we all got report sherry any questions on that, or is there anything sherry would like to.

15
00:01:52.740 --> 00:01:53.160
address.

16
00:01:55.290 --> 00:01:55.830
Amy Earls 17317: minutes.

17
00:01:57.180 --> 00:02:02.370
Guilford Host1: Though all right, maybe I need more coffee all those in favor of approving the Minutes.

18
00:02:04.650 --> 00:02:05.070
Guilford Host1: Okay.

19
00:02:06.330 --> 00:02:07.200
Guilford Host1: Thank you amy.

20
00:02:09.480 --> 00:02:16.200
Sheri Cote: So we'll we'll see if anyone has any questions about the report before I make another comment any questions.

21
00:02:18.330 --> 00:02:20.730
Sheri Cote: So I will just add one thing that I.

22
00:02:21.750 --> 00:02:25.710
Sheri Cote: A communication that I received after I emailed this tomorrow.

23
00:02:27.120 --> 00:02:38.190
Sheri Cote: And that is marijuana dispensary so you know that it's you know, going to be legal now for our marijuana usage for the public and.

24
00:02:39.480 --> 00:02:52.080
Sheri Cote: So you know people are starting to make I guess to reach out to towns to see how they feel where they stand on allowing that type of business in our town.

25

00:02:52.770 --> 00:02:58.260

Sheri Cote: So I haven't been able to respond to the person yet because frankly I don't know how the town feels about that.

26

00:02:58.950 --> 00:03:08.580

Sheri Cote: it's on my list of things to talk to matt about this morning, or this afternoon when I meet with him, but just so you know that that is on the radar I know some municipalities are.

27

00:03:09.030 --> 00:03:17.430

Sheri Cote: Creating ad hoc committees of folks to discuss this issue and see where they want to stand, you know where they where they stand on this.

28

00:03:18.450 --> 00:03:29.970

Sheri Cote: Last week I attended a luncheon with a bunch of economic developers across the state and they had a guest speaker, who was an attorney who is an expert he actually represents businesses that have been doing.

29

00:03:31.140 --> 00:03:32.760

Sheri Cote: Distributing marijuana for.

30

00:03:34.320 --> 00:03:48.360

Sheri Cote: medical use for years, because that has been legal for a while now so he's an expert and he he really kind of gave us the lowdown on what it's like to have either a grower or a dispensary in your community.

31

00:03:49.260 --> 00:03:58.470

Sheri Cote: And it's not as scary as it sounds at first blush so anyways I think that that is going to be on our radar coming up very soon.

32

00:03:59.070 --> 00:04:06.030

Sheri Cote: Like I said i've already had one outreach from somebody who's interested so we'll see where that takes us but.

33

00:04:06.960 --> 00:04:26.670

Sheri Cote: This attorney said that in his 36 years of of being an attorney he's only seen one other industry that's growing quickly, and that is solar solar power and he said he expects this to be even faster growing industry so i'm just, I just wanted to put that on your radar that that is coming.

34

00:04:28.080 --> 00:04:34.950

Sheri Cote: And conversation is coming i'm not saying that we're getting a dispensary but the conversation started yes.

35

00:04:36.450 --> 00:04:50.580

Guilford Host1: I think there was, I want to say it was about three years ago, the planning and zoning did take up this issue in one of the times that they were talking about legalizing it and I believe something was put on the books for planning and zoning.

36

00:04:51.810 --> 00:04:55.110

Guilford Host1: That did not allow for dispensaries in Guilford.

37

00:04:55.770 --> 00:04:56.130

Okay.

38

00:04:59.130 --> 00:05:02.010

Guilford Host1: Yeah Richard Layer was the chair at the time.

39

00:05:03.690 --> 00:05:07.530

Guilford Host1: And it was it was a big meeting was over, with the at the firehouse.

40

00:05:08.700 --> 00:05:10.950

Guilford Host1: Because there were so many people that were here.

41

00:05:13.080 --> 00:05:19.020

Guilford Host1: I'll check my calendar and see if I can find a date going back that far I don't think I have those calendar entries but.

42

00:05:20.550 --> 00:05:20.910

Guilford Host1: It was.

43

00:05:21.960 --> 00:05:29.010

Guilford Host1: It was definitely picked up by planning and zoning and I believe the end result of that meeting was that they were not allowed and Guilford.

44

00:05:30.390 --> 00:05:32.550

Sheri Cote: Thank you, I will look into that.

45

00:05:32.790 --> 00:05:37.260

Guilford Host1: Whether that's legally able to be held up i'm not sure.

46

00:05:39.660 --> 00:05:40.620

Guilford Host1: But it was definitely.

47

00:05:41.790 --> 00:05:43.140

Guilford Host1: It was a big maybe okay.

48

00:05:44.790 --> 00:05:48.210

Guilford Host1: Thank you, sherry Thank you good morning everyone.

56

00:06:43.110 --> 00:06:50.130

Shoreline Chamber of Commerce- Ellen Carucci: we've had our third session on July 20 we've changed the day of the week to Tuesday, it seems to be better for more people.

57

00:06:50.640 --> 00:06:58.950

Shoreline Chamber of Commerce- Ellen Carucci: And it's it's a nice option for people to get together at a different time than we traditionally gather at a different way, so we have another one planned for Tuesday August 7.

58

00:07:00.060 --> 00:07:11.250

62

00:07:29.790 --> 00:07:39.210

Shoreline Chamber of Commerce- Ellen Carucci: Which are running and we're continuing to run the Facebook paid ads through Labor Day and our major sponsors and Guilford Guilford Morning Spice and T Exchange and Blues.

64

00:07:54.030 --> 00:07:55.620

Shoreline Chamber of Commerce- Ellen Carucci: And that's it for me any questions.

65

00:08:01.020 --> 00:08:03.420

Guilford Host1: No questions means good job thanks.

66

00:08:06.840 --> 00:08:12.240

Guilford Host1: Since me I don't have a whole lot I did find out that.

67

00:08:13.830 --> 00:08:15.360

Guilford Host1: I sent the article to sherry that.

68

00:08:16.650 --> 00:08:27.780

Guilford Host1: place company called intelligent artifacts is moving on to Boston post road they are a New York based firm that does artificial intelligence.

69

00:08:29.880 --> 00:08:32.970

Guilford Host1: will try and meet up with them once they get.

70

00:08:34.200 --> 00:08:34.830

Guilford Host1: Set up.

71

00:08:38.100 --> 00:08:43.530

Guilford Host1: There was another business that's completely escaping my mind right now and I made notes.

72

00:08:46.230 --> 00:08:58.320

Guilford Host1: If I remember that all come back to that we had guilford night our national night out on the green couple weeks goes very well attended was a great time I don't know if anybody or everybody got to go to that.

73

00:09:00.090 --> 00:09:03.330

Guilford Host1: guilt hosted by the guilford police Department on the green.

74

00:09:04.650 --> 00:09:10.950

Guilford Host1: had some food trucks out there some bounce houses Scott from the police department put on a great show.

75

00:09:12.000 --> 00:09:16.170

Guilford Host1: With the kids lots of fun lots of games lots of prizes.

76

00:09:17.460 --> 00:09:19.260
Guilford Host1: really proud of the work that he did.

77
00:09:20.940 --> 00:09:32.130
Guilford Host1: The fire trucks were there all the kids got to play on the fire trucks and there's police car there they all got to play him as well, unfortunately for Ruby the siren was not working as much as she tried hitting that button.

78
00:09:36.660 --> 00:09:40.380
Guilford Host1: But that was that was a really good thing and was very well attended.

79
00:09:42.060 --> 00:09:48.210
Guilford Host1: Also, the green richie was doing a.

80
00:09:50.220 --> 00:09:54.660
Guilford Host1: The adirondack chairs of me wants to speak on that a little bit.

81
00:09:55.950 --> 00:10:03.360
Guilford Host1: But the has been sold for this year, because there are just too many obstacles coming back and forth with.

82
00:10:07.050 --> 00:10:12.540
Guilford Host1: The trying to figure out where to put these chairs, working with the building department, working with.

83
00:10:16.650 --> 00:10:19.860
Guilford Host1: The zoning enforcement officer to try and get them in place.

84
00:10:21.630 --> 00:10:27.060
Guilford Host1: There was one other thing nope that that's fine okay so that's that's Oh, the.

85
00:10:29.790 --> 00:10:34.740
Guilford Host1: The circle that is being built on guilford branford line is coming along.

86
00:10:36.030 --> 00:10:48.240
Guilford Host1: It is very hectic to get on to especially gotten eastbound right now it's it's very unclear and it does cause a lot of traffic slowdowns in that area right now.

87

00:10:49.290 --> 00:10:51.810

Guilford Host1: But they are working on it.

88

00:10:53.010 --> 00:10:57.450

Guilford Host1: So it's kind of a little bit messy there for right now that's all I got for right now.

89

00:11:02.340 --> 00:11:04.620

Guilford Host1: Besides, an eight year old interrupting me.

90

00:11:11.910 --> 00:11:12.660

Guilford Host1: Okay.

91

00:11:18.330 --> 00:11:33.840

Guilford Host1: Alright, so we're going to go into our subcommittees we have signage Mike said he was going to be here, but he wasn't he's not as of yet, so let me pull up his email and pull out a few of the highlights from there sure we can do fast.

92

00:11:34.710 --> 00:11:37.590

Sheri Cote: yeah we are Wendy could jump in as well.

93

00:11:37.800 --> 00:11:38.460

Guilford Host1: Go ahead.

94

00:11:40.230 --> 00:11:42.390

Wendy Dockray: Okay i'm just very quickly.

95

00:11:44.100 --> 00:11:54.150

Wendy Dockray: i'm in the process, actually writing an article about the signage program for the events magazine I believe yeah the guilford preservation alliance.

96

00:11:55.410 --> 00:11:55.980

Wendy Dockray: and

97

00:11:57.240 --> 00:12:16.560

Wendy Dockray: A one to third sign is in order, so we have coverage well enough coverage at 3758 59 all heading North and then the question still remains as to what to do next, whether to focus on interior way finding signs or to start with the science.

98

00:12:18.420 --> 00:12:22.170

Wendy Dockray: So we need to I need to know because I have a baby here.

99

00:12:23.730 --> 00:12:29.790

Wendy Dockray: We need to meet and decide what the next steps are and that's where we are okay i'm gonna mute myself.

100

00:12:31.500 --> 00:12:43.890

Sheri Cote: Wendy just just to let you know that there was an article in submitted by my office about the signs in the events magazine for the edition that may have.

101

00:12:43.920 --> 00:12:45.180

Sheri Cote: hit your mailboxes.

102

00:12:45.270 --> 00:12:51.900

Sheri Cote: Recently, or may not, it was supposed to in July, but they were running behind, so I don't know if.

103

00:12:51.930 --> 00:12:52.830

Sheri Cote: anybody has seen.

104

00:12:52.860 --> 00:12:56.190

Sheri Cote: That magazine yet, but there is an article.

105

00:12:56.370 --> 00:13:01.800

Wendy Dockray: Okay, good i'll tell i'll tell that i'm so lucky, I know that.

106

00:13:02.280 --> 00:13:06.870

Sheri Cote: yeah so the article may be different that you're writing i'm not sure, but we should probably talk about that.

107

00:13:07.350 --> 00:13:08.220

Wendy Dockray: Okay we'll go.

108

00:13:12.240 --> 00:13:13.260

Guilford Host1: Okay, thank you Wendy.

109

00:13:15.270 --> 00:13:21.570

Guilford Host1: My for my two cents to throw in there, I would say, do the south mountain signs before doing the way finding sign so let's get.

110

00:13:22.320 --> 00:13:34.800

Guilford Host1: All the exit ramps done and then do the way finding after that the the original scope of the project was to do the first and then the way threatening signs as phase two of that project.

111

00:13:37.170 --> 00:13:48.510

Wendy Dockray: I think the issue is going to be shortly limitation of funds, and you know we're kind of running out of ideas in terms of how to wait raise additional funds.

112

00:13:49.050 --> 00:13:55.980

Wendy Dockray: Okay couple small possibilities out there, but at some point I think we're going to be up against the wall unless we're able to get some money from the town.

113

00:13:57.540 --> 00:14:09.390

Sheri Cote: And if this project is on my list my wish list for our funds so we'll see what what the town's going to do in distributing those, but this is definitely high on the list on my office.

114

00:14:10.920 --> 00:14:15.870

Guilford Host1: And I have also made the recommendation to matt that we use some of those funds for this project.

115

00:14:21.390 --> 00:14:21.870

Guilford Host1: Okay.

116

00:14:23.970 --> 00:14:29.610

Guilford Host1: Alright, so we'll move into new business anybody have any new business.

117

00:14:32.850 --> 00:14:35.880

Guilford Host1: I have a couple of things.

118

00:14:38.370 --> 00:14:42.570

Guilford Host1: So a couple weeks ago matt had sent out a email.

119

00:14:43.680 --> 00:14:48.240

Guilford Host1: For two new grant programs for.

120

00:14:50.280 --> 00:14:53.880

Guilford Host1: place based development i'm not sure that.

121

00:14:55.920 --> 00:14:57.600

Guilford Host1: it's part of the new CD funds.

122

00:14:58.740 --> 00:15:07.590

Guilford Host1: That are come out, but there is a Community challenge where competitive grant program for one to \$10 million in size to improve.

123

00:15:08.910 --> 00:15:16.500

Guilford Host1: livability and vibrance in communities throughout the state so Wendy i'm going to forward this to you.

124

00:15:17.730 --> 00:15:19.680

Guilford Host1: Because I believe that.

125

00:15:21.150 --> 00:15:32.100

Guilford Host1: That would we can probably try to get some funding for the science projects through that, so I am sending that to you right now, if anybody has any other ideas.

126

00:15:33.720 --> 00:15:38.610

Guilford Host1: On what we can apply for any grants in in that scope.

127

00:15:40.260 --> 00:15:43.500

Guilford Host1: Let me know, but it is another term for funding.

128

00:15:46.080 --> 00:15:49.770

Guilford Host1: any I will send it to you is what something the.

129

00:15:52.170 --> 00:15:58.800

Guilford Host1: guilford green merchants, would like to look at there might be an opportunity for things to do.

130

00:16:00.150 --> 00:16:05.010

Guilford Host1: With organization as well send that.

131

00:16:05.310 --> 00:16:06.510

Guilford Host1: You plan.

132

00:16:12.330 --> 00:16:12.750

Your.

133

00:16:15.660 --> 00:16:19.410

Guilford Host1: are no fun watching somebody typed them email okay.

134

00:16:20.910 --> 00:16:27.930

Guilford Host1: The other thing I want to bring up a new business is in person meetings with the delta variant.

135

00:16:29.010 --> 00:16:29.760

Guilford Host1: Picking up.

136

00:16:31.200 --> 00:16:41.700

Guilford Host1: I wanted to, I know that I said we would return to in person meetings in September, we do not have full Commission on this meeting, so I will put out an email.

137

00:16:42.720 --> 00:16:48.780

Guilford Host1: for everybody to respond, but just wanted to get a gauge on how everybody's feeling about.

138

00:16:50.820 --> 00:16:53.010

Guilford Host1: Going back to eating him.

139

00:17:00.660 --> 00:17:01.560

Guilford Host1: speak at once.

140

00:17:05.010 --> 00:17:05.370

David Egan: mark.

141

00:17:06.540 --> 00:17:11.880

David Egan: ambivalent on it, I mean whatever anybody else feels comfortable with uncomfortable with.

142

00:17:12.570 --> 00:17:12.840

Okay.

143

00:17:14.100 --> 00:17:24.870

Guilford Host1: We we don't have to be fully in person, either the first segments conference room or meeting room does have zoom equipment in there, we can do hybrid meetings.

144

00:17:25.740 --> 00:17:39.000

Guilford Host1: If need be, but it's it's really just to gauge, you know, want to know how how people are feeling I mean zoom is great mall but eventually we have to get to get back to meeting in person.

145

00:17:40.800 --> 00:17:42.480

Guilford Host1: But you know i'm not getting any.

146

00:17:43.740 --> 00:17:58.620

Guilford Host1: requests from the town to meet in person, the town is very accommodating it's it's really up to us, what we want to do i've kind of been following what planning and zoning is doing, and they have they are not yet meeting in person.

147

00:18:00.240 --> 00:18:01.980

Guilford Host1: And I don't.

148

00:18:04.380 --> 00:18:09.060

Guilford Host1: don't know when they are planning on going back to meeting in person.

149

00:18:10.200 --> 00:18:21.450

Beth Brause: I would say, a week ago I would have said absolutely let's do it everything's fine The numbers are low, I think, yesterday the Connecticut over 3% got me a little.

150

00:18:22.200 --> 00:18:30.420

Beth Brause: caught my attention and more than that in the last week i've probably met four people locally, who were vaccinated who had coven.

151

00:18:31.260 --> 00:18:36.480

Beth Brause: And that was very surprising, and I think that that's probably something that i'm going to hear more and more of so.

152

00:18:36.900 --> 00:18:46.500

Beth Brause: I like your idea that it is option, and maybe optional for people that are comfortable doing it and then for people that maybe are more at risk being still virtual I don't know.

153

00:18:48.780 --> 00:18:50.580

Beth Brause: But i'm ambivalent also I guess.

154

00:18:51.030 --> 00:18:52.680

Guilford Host1: Okay, thank you, I appreciate that.

155

00:18:55.590 --> 00:19:00.390

Guilford Host1: I think what i'll do is we'll i'll make the determination later in the month.

156

00:19:02.700 --> 00:19:08.610

Guilford Host1: To kind of kind of gauge how the town feels about it and how the state is doing as a whole.

157

00:19:09.660 --> 00:19:11.610

Guilford Host1: we're still a month away from that.

158

00:19:14.250 --> 00:19:18.510

Guilford Host1: So we'll work on that one last thing that I do want to bring up.

159

00:19:20.370 --> 00:19:21.090

Guilford Host1: Is.

160

00:19:22.950 --> 00:19:42.870

Guilford Host1: i've been on EDC for really years now and i'm coming up to the end of my second term and there is a term limit on EDC you know kind of the way that it works is you're allowed to stay as long as this isn't somebody waiting to get on.

161

00:19:43.920 --> 00:19:57.930

Guilford Host1: or until your replacement is found, so I am coming up against that in November and, from what I understand from the dtc is that there are people who are trying to get on etc.

162

00:19:59.010 --> 00:20:03.930

Guilford Host1: So this is something that I, I honestly don't know.

163

00:20:05.250 --> 00:20:08.730

Guilford Host1: How much for how much longer, I will be on past.

164

00:20:10.140 --> 00:20:13.980

Guilford Host1: November, I have been chair, since 2016.

165

00:20:15.660 --> 00:20:21.300

Guilford Host1: And I I enjoy doing it, I love getting together with everybody usually in person.

166

00:20:22.410 --> 00:20:37.980

Guilford Host1: And I think I think we do a lot of good work, and I think we have a lot of people but coming up against the end of second term it is Tom are thinking about another chair in someone to replace me at least is share.

167

00:20:39.150 --> 00:20:47.550

Guilford Host1: So I have the opportunity to do a transition with that person, and I will put this out to everybody in an email.

168

00:20:49.170 --> 00:20:50.790

Guilford Host1: So just something to.

169

00:20:50.880 --> 00:20:51.390

Guilford Host1: Think about.

170

00:20:52.770 --> 00:20:53.700

Guilford Host1: If you were.

171

00:20:54.870 --> 00:21:07.920

Guilford Host1: Interested it's not an automatic that the vice chair moves into the Chair position it's completely up to that that person, but either way, this could be a vote.

172

00:21:09.090 --> 00:21:09.930

Guilford Host1: By the.

173

00:21:09.960 --> 00:21:10.290

Committee.

174

00:21:12.900 --> 00:21:15.330

Guilford Host1: So if anybody is interested in.

175

00:21:17.970 --> 00:21:28.380

Guilford Host1: Becoming chair, please let me know again, as I said, i'm going to put this out to the entire Commission, but I don't want this to be a last minute thing ted's leaving was very abrupt.

176

00:21:29.880 --> 00:21:31.410

Guilford Host1: And I don't want.

177

00:21:32.940 --> 00:21:40.650

Guilford Host1: The EDC to have another abrupt transition so i'd like everybody to just kind of think about think about that.

178

00:21:41.700 --> 00:21:46.980

Guilford Host1: And we'll discuss further in the future meeting, well, we have to do in September, October.

179

00:21:48.870 --> 00:21:49.500

David Egan: we'll have to.

180

00:21:50.250 --> 00:21:53.490

Guilford Host1: just want to give everybody plenty of time and warning that that is coming up.

181

00:21:57.210 --> 00:21:58.650

Guilford Host1: And I like chocolate cake.

182

00:21:59.910 --> 00:22:03.720

Guilford Host1: Just putting it out there, you know i'm not saying you have to just putting it out.

183

00:22:09.360 --> 00:22:16.500

Guilford Host1: So that's all we got for new business does anybody have anything for owner or is there any other new business.

184

00:22:18.570 --> 00:22:20.190

Guilford Host1: Okay, is there any old business.

185

00:22:22.020 --> 00:22:35.010

Sheri Cote: um, this is not really old business, but it is something that the EDC has worked on in the past, and that is the parking situation around the Green and utilizing St george's parking lot.

186

00:22:36.060 --> 00:22:41.760

Sheri Cote: I was hoping Tracy would be on today because I just wanted to ask the question if any of.

187

00:22:41.760 --> 00:22:55.440

Sheri Cote: The fortune, maybe he makes us for anything from anyone about there being a parking issue i've been monitoring the parking spaces, that we have at the church and they are not being utilized at all ever.

188

00:22:57.420 --> 00:23:05.730

Sheri Cote: And so i'm happy to put out an email to the merchants to just remind them, but if it's not an issue then it's not an issue Do you know anything amy.

189

00:23:07.350 --> 00:23:08.190

Sheri Cote: You heard anything.

190

00:23:09.270 --> 00:23:12.120

Amy Earls 17317: Now I haven't heard anything, one way or another yeah.

191

00:23:12.300 --> 00:23:13.680

Amy Earls 17317: Okay, try and keep an eye out.

192

00:23:16.110 --> 00:23:23.040

Sheri Cote: I was hoping Tracy would be on today, she would probably know if there's an issue or not, but i'll i'll touch base with her offline.

193

00:23:26.820 --> 00:23:37.320

Guilford Host1: I didn't notice that sherry last week I gone downtown and, as I was driving through I just looked over into the parking lot it was empty.

194

00:23:39.150 --> 00:23:44.700

Wendy Dockray: Here, do you know if the passes were actually distributed and who has one.

195

00:23:45.360 --> 00:24:03.000

Sheri Cote: Yes, yep Brian left a very thorough list of all the passes they're numbered who has them, you know whether they still have them as a question because it's been so long, but yes there's a really good list Okay, thank you.

196

00:24:05.640 --> 00:24:06.540

Guilford Host1: Okay, thank you sure.

197

00:24:09.150 --> 00:24:12.270

Guilford Host1: All right, we have an invoice.

198

00:24:13.590 --> 00:24:20.700

Guilford Host1: Two hours in the new rate of 1825 per hour for a total of \$36 and 50 cents for.

199

00:24:21.870 --> 00:24:29.070

Guilford Host1: Recording on transcription services from Judy I need a motion to approve.

200

00:24:32.640 --> 00:24:32.940

Guilford Host1: i'm going to go with Wendy on that David she she's got your.

202

00:24:38.190 --> 00:24:38.490

Guilford Host1: While we're doing the logistics now, so we have Olympic voting here so let's go for a second.

204

00:24:49.860 --> 00:24:52.560

Guilford Host1: that's got the second David he came in third place.
