iPad: Everything but the 3D on the green.

59

00:04:16.470 --> 00:04:22.710

Kevin Magee: But I'll give you again the listing here because you're not on the group the Commission listing here so I'll send that to you Dottie.

60

00:04:23.100 --> 00:04:24.840

62

00:04:36.450 --> 00:04:36.930

iPad: Yes.

63

00:04:37.110 --> 00:04:39.450

Kevin Magee: Cathy gets her email there, we can.

64

00:04:40.530 --> 00:04:43.170

iPad: She has her daddy's email right Kathy.

65

00:04:43.770 --> 00:04:45.120

Kathy: yeah I think so.

66

00:04:45.570 --> 00:04:50.910

iPad: Good to include ever and all the mailings because she didn't know about the planting I told her yesterday garden club.

67

00:04:53.340 --> 00:05:03.000

iPad: And she wanted she needed to arrange publicity for the Guilford foundation, so this prevents any gaps in the future with communication so she sent everything.

68

00:05:07.650 --> 00:05:11.790

Dottie: Okay, so if you could just set yeah send me the list of the trees.

69

72

00:05:21.300 --> 00:05:22.500

Dottie: Thank you don't.

73

00:05:22.800 --> 00:05:33.900

iPad: Take a picture of the tree being planted is really great right now Dottie you take a walk down to green the green they're lined up on their sides.

74

00:05:34.110 --> 00:05:35.670

Kevin Magee: It is quite neat yeah the guy i'm loading it kind of setup that was kind of kind of kind of cool.

78

00:05:53.310 --> 00:05:56.130

iPad: yeah really cool great photo up.

79

00:05:57.330 --> 00:06:00.000

Kevin Magee: Here, for those that don't didn't see it.

80

00:06:02.250 --> 00:06:03.120

Kevin Magee: share this.

81

00:06:05.160 --> 00:06:05.910

Kevin Magee: photo.

82

00:06:08.010 --> 00:06:12.300

Kevin Magee: So i'm not sure if you can see it here, you see the pictures.

83

00:06:13.830 --> 00:06:15.900

Kevin Magee: lined up right in front of the sidewalk.

84

00:06:17.460 --> 00:06:29.520

iPad: they're laying on their side with the burlap balls one on top, one after the other, and the canopies so just resting getting ready to be planted it's a great shot.

85

00:06:30.600 --> 00:06:32.730

iPad: Did you get it from the other side as well.

86

00:06:33.000 --> 00:06:35.730

Kevin Magee: yeah I got it from the four different five there.

87

00:06:36.600 --> 00:06:36.990

iPad: yeah.

88

00:06:37.380 --> 00:06:39.360

iPad: I saw it for the street like that one.

89

00:06:43.200 --> 00:06:44.550

Kevin Magee: So that's that one there.

90

00:06:48.120 --> 00:06:49.170

Kevin Magee: Let me give you the.

91

00:06:52.980 --> 00:06:54.450

Kevin Magee: sidewalk side.

92

00:07:20.880 --> 00:07:22.530

Kevin Magee: So this is the other direction of it.

93

00:07:24.960 --> 00:07:26.040

Kevin Magee: On top of each other there.

94

00:07:27.630 --> 00:07:28.260

iPad: that's great.

95

00:07:29.040 --> 00:07:31.500

iPad: I hope, somebody has the newspaper got a shot of that.

96

00:07:36.930 --> 00:07:38.190

Kevin Magee: We always have provided to them.

97

00:07:39.540 --> 00:07:45.090

iPad: Okay what's, the next item on the agenda does anybody have any questions about those tree plantings.

98

00:07:46.140 --> 00:07:48.240

iPad: If not we'll move to the next side and Kevin.

99

00:07:48.540 --> 00:07:55.680

Kevin Magee: So it's actually it's actually good that we had the trees shipped in today we've got the trees from site one with yesterday's haven landscaping.

100

00:07:57.600 --> 00:08:10.860

Kevin Magee: Because they didn't load the trucks last night and they got loaded this morning, so the trees thinking delivering to about 930, so I

would have really slowed down the activities we got them on the same day we're trying to do the planting so.

101

00:08:11.910 --> 00:08:14.400

iPad: it's good that it's cooled off tremendously.

102

00:08:14.640 --> 00:08:19.440

Kevin Magee: Best we're trying to put them in like 10 under the shade of that that tree there for the.

103

00:08:20.940 --> 00:08:21.570

Kevin Magee: For the night.

104

00:08:22.950 --> 00:08:23.310

iPad: Right.

105

00:08:25.380 --> 00:08:30.150

Kevin Magee: The next thing we have is the tree policy I haven't done anything.

106

00:08:31.470 --> 00:08:32.280

Kevin Magee: With this.

107

00:08:36.330 --> 00:08:36.750

Kevin Magee: work with.

108

00:08:37.350 --> 00:08:39.360

iPad: carolyn made the edits immediately.

109

00:08:40.680 --> 00:08:42.600

iPad: If you want to add it in carolyn.

110

00:08:42.960 --> 00:08:50.790

Caroline Herrick: I you know I did some edits and I sent it to shove on and I never heard anything back so I don't know Maybe she didn't like my edits.

111

00:08:52.110 --> 00:08:55.770

iPad: Oh, I thought she said, thank you, I thought I saw response.

112

00:08:55.980 --> 00:09:00.150

Kevin Magee: Think, so too, I just have to know talk with the other departments here.

113

00:09:01.980 --> 00:09:04.080

iPad: This bureaucracy booth slowly.

114

00:09:05.790 --> 00:09:06.720

iPad: But we'll get there.

115

00:09:07.500 --> 00:09:13.830

Kevin Magee: we'll get there, this kind of time put time on my schedule item 50 blank out some time, make sure focus on it.

116

00:09:14.880 --> 00:09:18.780

iPad: Okay, and why, why are we meeting today.

117

00:09:21.300 --> 00:09:23.790

Kevin Magee: because somebody asked for a meeting I guess.

118

00:09:25.530 --> 00:09:29.430

Kevin Magee: I guess for an update, so we don't want to go for long periods of time I guess.

119

00:09:30.240 --> 00:09:35.610

Kathy: I thought we were going to finalize the tree planting locations, but those already been finalized.

120

00:09:36.660 --> 00:09:37.680

iPad: let's do we can have a.

121

00:09:37.770 --> 00:09:38.490

short meeting.

122

00:09:39.660 --> 00:09:41.310

john cunningham: But yeah motion to adjourn.

123

00:09:42.900 --> 00:09:44.130

Kathy: not yet you haven't paid my.

124

00:09:46.920 --> 00:09:48.300

Kevin Magee: that's why we're having a meeting.

125

00:09:49.350 --> 00:09:51.480

iPad: So Kevin what's next on the agenda.

126

00:09:54.210 --> 00:10:00.090

Kevin Magee: The refurbishing of the great three great grant program there um.

127

00:10:00.690 --> 00:10:02.100

iPad: I sent you a fitness for that.

128

00:10:02.460 --> 00:10:04.950

Kevin Magee: We are done we I think I have to do some more.

129

00:10:06.120 --> 00:10:12.660

Kevin Magee: have to do the report for that and send in and we may have to do some more work to finish out the money that they provided us so.

130

00:10:13.380 --> 00:10:13.950

iPad: Oh good.

131

00:10:13.980 --> 00:10:14.610

Caroline Herrick: Is this.

132

00:10:14.790 --> 00:10:16.470

iPad: extra money to do more work.

133

00:10:17.880 --> 00:10:18.300

Caroline Herrick: This is a.

134

00:10:18.600 --> 00:10:19.170

Kevin Magee: really nice.

135

00:10:20.130 --> 00:10:27.450

Kevin Magee: thing was only 900 that we are over \$900 that we did for the refurbishment of our they saw refreshment there.

136

00:10:28.650 --> 00:10:31.440

Kevin Magee: So I think we have more there so i'm looking at.

137

00:10:32.970 --> 00:10:36.090

Kevin Magee: see what we have, there are maybe one of the cherries.

138

00:10:37.440 --> 00:10:40.800

Kevin Magee: That are not surviving to well, then there, maybe.

139

00:10:42.210 --> 00:10:45.240

Kevin Magee: Look, to have one of those maybe replanted as part of the funds.

140

00:10:45.780 --> 00:10:49.860

iPad: You want to refresh the committee's meeting as to what you're talking about with the grades.

141

00:10:50.460 --> 00:10:53.610

Kevin Magee: So we got a grant from the government foundation to.

142

00:10:56.640 --> 00:11:15.540

Kevin Magee: Read redo the soil on the trees, along with phil sweet and from the stores there because of all the salt and everything else that kind of lost the nutrients, so we got had barla tree coming they did it around thanksgiving time last year on reef punish the soil within the trees and.

143

00:11:16.740 --> 00:11:18.660

Kevin Magee: So that part of the project spend done.

144

00:11:19.740 --> 00:11:25.440

Kevin Magee: We were looking at other project to level the grades, but that has to be done in conjunction with a.

145

00:11:26.520 --> 00:11:30.510

Kevin Magee: Smaller major of a sidewalk program there.

146

00:11:31.740 --> 00:11:40.590

Kevin Magee: So that and we didn't get enough funding for that phase there so that that great part of the project has not been done through the funding.

147

00:11:41.820 --> 00:11:42.660

Kevin Magee: lackluster.

148

00:11:43.410 --> 00:11:44.580

iPad: carolinian had a question.

149

00:11:44.880 --> 00:11:48.000

Caroline Herrick: Well yeah, I just wanted to report something because.

150

00:11:49.200 --> 00:12:05.610

Caroline Herrick: I have a friend who was coming out of the marketplace and somehow she stumbled into the pit around a tree and I didn't have a grade on it, and she fractured her foot and also just thinking you know, we should get those great.

151

00:12:07.620 --> 00:12:19.410

Caroline Herrick: replaced where there aren't any or do something, the I mean luckily she you know she's not the type person that would Sue or do is I don't know but it just it it's concerning that somebody broke their foot.

152

00:12:19.980 --> 00:12:21.810

Caroline Herrick: That is falling into one of those holes.

153

00:12:22.140 --> 00:12:25.770

Caroline Herrick: And I went looked at the tree and I can't figure out how she did it but.

154

00:12:26.130 --> 00:12:26.490

Patricia: anyway.

155

00:12:27.000 --> 00:12:33.150

Patricia: I was just there watering and I don't see any way how you can hurt yourself myself but.

156

00:12:33.540 --> 00:12:34.860

Caroline Herrick: Well, she did so.

157

00:12:35.100 --> 00:12:35.610

humbled.

158

00:12:37.110 --> 00:12:40.740

Kevin Magee: To love you just did that slight angle difference, through your foot rope and.

159

00:12:41.940 --> 00:12:43.530

Kevin Magee: things happen like that i'm.

160

00:12:43.770 --> 00:12:48.630

iPad: So Kevin is there a great that doesn't is there a tree that doesn't have a great.

161

00:12:49.320 --> 00:12:56.550

Kevin Magee: on them that gets us all, but there is one, and we can check to see the price on if that maybe we can use the other funding for that one tree there.

162

00:12:56.820 --> 00:12:57.240

yeah.

163

00:12:58.380 --> 00:13:04.590

Caroline Herrick: it's I went and looked at, I think they're at least two but maybe him anyway.

164

00:13:05.310 --> 00:13:09.960

iPad: Okay i'm glad to be reported that john Do you know anything about the price of the greats.

165

00:13:11.130 --> 00:13:15.150

john cunningham: i'm just going to get surely I bet you they're about 1000 bucks apiece 1200 dollars apiece.

166

00:13:15.510 --> 00:13:15.870

Kevin Magee: yeah I.

167

00:13:16.080 --> 00:13:16.770

Kevin Magee: Believe that's the.

168

00:13:17.850 --> 00:13:30.600

john cunningham: yeah and all the great companies are the same, I would take I would take the company logo off of one of the other greats go back to the company i'm sure they have a record of it or take a picture of what's there they can duplicate that you know.

169

00:13:30.960 --> 00:13:41.130

john cunningham: And we could raise some money or the tree Advisory Board, we could all chip in some my companies, I I i'm i'm with everyone else, every tree should have a great.

170

00:13:41.670 --> 00:13:42.030

Kevin Magee: It is.

171

00:13:42.480 --> 00:13:43.380  
john cunningham: you're walking over.

172

00:13:43.650 --> 00:13:47.400  
Kevin Magee: I think Campbell foundry or something like that I think that's some of the town.

173

00:13:47.460 --> 00:13:50.490  
john cunningham: I think it's I think it's the I thought I thought it was Nea.

174

00:13:50.730 --> 00:13:53.760  
john cunningham: Nea foundry the big tree great company, but I might be wrong.

175

00:13:54.870 --> 00:13:58.980  
iPad: How much money do you want it, we get 2500 from the Guilford foundation.

176

00:13:59.040 --> 00:14:01.020  
Kevin Magee: Oh me find the file here.

177

00:14:05.100 --> 00:14:09.090  
iPad: let's if we only spent 900 That means we have 1600 left.

178

00:14:09.480 --> 00:14:13.080  
Kevin Magee: They was there word is 2000 so.

179

00:14:13.650 --> 00:14:16.530  
iPad: Okay, so we have enough to buy one grade.

180

00:14:16.950 --> 00:14:24.240  
Kevin Magee: know me if we go over it might be able to dig in somewhere for the difference there are sort of a match or whatever they look for.

181

00:14:24.870 --> 00:14:27.810  
iPad: I think that's a descent cities carolyn's right.

182

00:14:29.220 --> 00:14:29.610  
Caroline Herrick: So.

183

00:14:30.150 --> 00:14:32.040  
iPad: The place that as soon as possible.

184  
00:14:34.950 --> 00:14:36.630  
iPad: Who would take care of a job or.

185  
00:14:37.110 --> 00:14:38.100  
john cunningham: cabinet not me.

186  
00:14:38.730 --> 00:14:42.030  
Kevin Magee: i'll work with them public works and stuff for that.

187  
00:14:43.260 --> 00:14:48.660  
iPad: Okay, especially if somebody could assume the town or lucky her friend is going to sue.

188  
00:14:50.790 --> 00:14:56.460  
Caroline Herrick: yeah I was just you know she's thinking it could be worse for the town yeah if somebody did Sue.

189  
00:14:57.180 --> 00:14:57.540  
yeah.

190  
00:14:59.130 --> 00:14:59.520  
iPad: All right.

191  
00:15:01.770 --> 00:15:03.480  
iPad: Well, there we spent the money fast.

192  
00:15:04.950 --> 00:15:12.570  
Kevin Magee: No i'll look into pricing for that, and they said it fits difference we may have might be able to pull it out of our account that we have.

193  
00:15:13.410 --> 00:15:13.890  
Okay.

194  
00:15:15.090 --> 00:15:15.720  
iPad: Next.

195  
00:15:16.890 --> 00:15:19.200  
Kevin Magee: i'm public forum.

196

00:15:19.920 --> 00:15:22.470

Dottie: I do have a couple of things to mention.

197

00:15:23.550 --> 00:15:24.120

Dottie: Okay.

198

00:15:24.480 --> 00:15:33.810

Dottie: The there is a tree in front of women, family and life Center that is growing into the House and it's a tree that's.

199

00:15:35.730 --> 00:15:40.320

Dottie: Part of the easement off the street so.

200

00:15:40.680 --> 00:15:42.300

iPad: House into the House.

201

00:15:42.810 --> 00:15:43.920

Dottie: There is a branch.

202

00:15:47.040 --> 00:16:01.380

Dottie: Very large branch that's growing up onto the roof INN in the gutter and onto the side and other branch going around and into the side it's not good for the building at all so either, it needs to be treated or taken down or or looked at least by somebody.

203

00:16:01.800 --> 00:16:02.940

Dottie: Who can take care of it.

204

00:16:03.210 --> 00:16:09.720

Kevin Magee: The positive we have with that is the we give permission for the property owner to trim away from the House.

205

00:16:11.910 --> 00:16:12.270

Dottie: Oh.

206

00:16:13.470 --> 00:16:15.600

iPad: Are you in the process, then I guess i'll sit.

207

00:16:17.670 --> 00:16:20.880

iPad: idly the process of doing any other swimming Kevin.

208

00:16:21.960 --> 00:16:24.870

Kevin Magee: No, no right now we're doing heavy removals right now.

209

00:16:26.190 --> 00:16:27.660

iPad: happen ever source.

210

00:16:28.620 --> 00:16:29.340

Kevin Magee: um.

211

00:16:29.370 --> 00:16:32.850

Kevin Magee: They wouldn't know that side of the wire too far from them.

212

00:16:34.260 --> 00:16:36.210

iPad: it's done your wires isn't it.

213

00:16:38.310 --> 00:16:41.430

Dottie: It is the wires go right through it.

214

00:16:43.560 --> 00:16:48.810

Dottie: But they I guess it doesn't have a problem there, but it does the branches, are on the House so.

215

00:16:50.340 --> 00:16:54.090

Dottie: The best I can so i'll just email megan.

216

00:16:55.440 --> 00:16:55.710

Dottie: and

217

00:16:55.770 --> 00:16:58.680

iPad: who's the process of leaving soon she's got.

218

00:16:58.710 --> 00:17:00.990

Dottie: A big she is yeah.

219

00:17:01.590 --> 00:17:06.210

iPad: Really yeah doing something in hartford big job.

220

00:17:06.240 --> 00:17:07.470

For debates wow.

221

00:17:09.570 --> 00:17:14.430

iPad: she's only been there three years so it's good to be a loss hmm um.

222

00:17:14.550 --> 00:17:16.170

Kevin Magee: But worth more than the board know.

223

00:17:17.670 --> 00:17:21.690

iPad: I would, I would ask the women in feminine life Center to call ever sort.

224

00:17:22.770 --> 00:17:28.830

iPad: and explain that the wires going to the tree and the trees that going into the House and Mr possibility of electricity.

225

00:17:30.840 --> 00:17:33.570

iPad: be conducted scare them.

226

00:17:38.280 --> 00:17:42.990

Dottie: And, and surely who are you suggesting do that you me.

227

00:17:43.830 --> 00:17:45.390

iPad: All the women and family life Center.

228

00:17:46.680 --> 00:17:58.830

iPad: Say three advisory I am a liaison to the tree Advisory Board and i've noticed this problem, I think it may be in your best interest to call every every source you've asked them to check it out that it's not a hazard.

229

00:17:59.610 --> 00:18:00.150

Okay.

230

00:18:01.590 --> 00:18:01.800

yep.

231

00:18:02.910 --> 00:18:03.900

Dottie: I can do that part.

232

00:18:04.650 --> 00:18:05.700

iPad: What do you think done.

233

00:18:08.160 --> 00:18:13.440

john cunningham: Ever source guys you're going to put it on the bottom of the pile surely they're going to get there in the year 2025.

234

00:18:14.340 --> 00:18:20.700

john cunningham: So this way to well, the best way to do it is to probably had the women women's Center.

235

00:18:21.330 --> 00:18:35.010

john cunningham: call a I use a company called Islam tree service they are licensed by ever source to prune trees or remove trees by wires you have to have a certain permit to do that not every tree company has it.

236

00:18:35.460 --> 00:18:43.950

john cunningham: I would have them professionally call a company that could get there and get it done if it's a real problem if it's not a real problem I can drive by and let you know.

237

00:18:44.280 --> 00:18:49.170

john cunningham: But i'm just telling you you're going to call it resource and they're going to be like yeah we'll get we'll get to it but.

238

00:18:50.190 --> 00:18:58.680

Dottie: I really don't think it's the liars that is a problem and and and I think it's more the House that's being compromised.

239

00:19:00.270 --> 00:19:00.630

iPad: yeah.

240

00:19:01.470 --> 00:19:05.100

Dottie: They have Christian sin does their landscaping.

241

00:19:06.660 --> 00:19:09.480

Dottie: They do pruning so.

242

00:19:10.410 --> 00:19:10.920

Professor.

243

00:19:12.120 --> 00:19:13.230

Kevin Magee: from the House.

244

00:19:15.240 --> 00:19:18.300

iPad: Good act without interfering with the wires.

245

00:19:18.660 --> 00:19:19.740

Kevin Magee: there's there's.

246

00:19:19.860 --> 00:19:22.380

Kevin Magee: Distance there that they can oh yeah put it back.

247

00:19:23.550 --> 00:19:26.940

iPad: All right, then maybe that's, the best thing I hate to add those spend money.

248

00:19:27.990 --> 00:19:32.910

iPad: They could women's Center spend money on it, but yeah I know King the House.

249

00:19:35.970 --> 00:19:36.300
